## KELOWNA KIDS SPURN 'THE FLABBY SET'

No fear of these Kelowna youngsters being classified among the "unfit Canadians" group. They are hard at work

in the High School gym preparing to become healthy citizens and the envy of the flabby set.

Kids are under the direction of Mrs. Jack Cooper of Kelowna recreation commission.

## China Offers Pakistan Pact Against Aggressors

RAWALPINDI, Pakistan (AP)—Communist China has offered to sign a non-aggression pact with Pakistan, informed sources said today. The offer was made in a note from Peking to President Mohammad Ayub Khan's government, but the report is doubted in some quarters.

Reliable parliamentary informants said, however, that the report was correct and that the Chinese offer was now being considered by the government.

The Karachi English-language daily Dawn said a point of the proposed pact was an offer by China to help Pakistan "against aggression from any quarter."

Pakistan has showed increasing irritation over the American and British arms buildup of the Indian Army requested by the New Delhi government to fight the Chinese Communist border invasion.

The Pakistanis are worried that the arms eventually may be turned against Pakistan by India in the long - festering Kashmir dispute.

## UK Tories Face Bleak Outlook

LONDON (Reuters)—The British press today speculated on the gloomy future of Prime Minister Macmillan after spectacular Conservative party reverses in five byelections Thursday.

Two of the five seats, all of which were previously held by Conservatives, fell to the opposition Labor party opposition. The Tories managed to hold onto the other three by "cliff-hanging" margins.

The Conservative Daily Mail says "the Tories face their gravest political crisis since 1945. Even Mr. Macmillan's standing is in question."

The big leftwing Daily Mirror says Macmillan's future "is in question" and Conservative members of Parliament "made no secret of the fact they are discussing this among themselves."

The Labor Daily Herald says "an internal Tory revolt in the next six months is on, and it could force Mr. Macmillan out."

The Communist Daily Worker calls on Macmillan to resign immediately.

## Vanishing Student Case Baffles Penticton Police

PENTICTON, B.C. (CP)—Police have been stalling in efforts to check out a new clue to the mysterious disappearance of a 20-year-old French University student.

RCMP said Friday Henri Meriguet who vanished while on a hitchhiking trip along the Alaska Highway, was believed seen in this Okanagan centre last month.

They said a man who speaks French fluently reported talking to a man answering Meriguet's description about Oct. 18, 19 or 20.

The man, whose name was not released, said the French youth told him he was returning to France via Vancouver, to go back to university. He said he was "late already."

Police said today the man who made the report has since left Penticton and his whereabouts are unknown.

However, the French youth is reported to have talked to other persons in Penticton and police were making further checks.

RCMP said, however, that they now believe the chances that Meriguet met foul play have been considerably reduced. Meanwhile, another man reported to have been seen with

Meriguet, was being brought tested in Montreal on a warrant from Montreal to Kamloops, 80 miles north of here, in connection with the issuance of a \$2000 cashed cheque last July 28.

Karlson Varsi Marti, 30, a Hano-garban-born painter, was arrested (See earlier story Page 2).

## MASSIVE MANHUNT MOUNTED AFTER BREAKINS AT GOLDEN

GOLDEN (CP)—RCMP Friday mounted a massive manhunt in eastern British Columbia for two heavily-armed youths who fled in a car with Ontario licence plates after being surprised while attempting to loot a garage in this village community.

Police are holding a man they say was the third member of a trio they believe responsible for a wave of break-ins in this eastern part of the province.

The police alarm warned that the two who fled Golden after local garage operator Gene Gray, 31, fired on them with a shotgun, are heavily armed and should be approached with caution. Officers said the men have at least two rifles and an automatic pistol, all stolen.

## SOVIET COLONIALISM HIT

## 'Put Light On Darkness' Canada Appeals To UN

UNITED NATIONS (CP)—Canada has proposed that the United Nations throw a searchlight on the "areas of darkness" under Soviet rule in pursuing its study of colonialism.

Canadian delegate Heath Macquarrie told the UN General Assembly Friday the Soviet Union is trying to conceal its own "evil practices" of imperialism by heaping criticism on the "sins" of Western colonial powers.

Forty-four countries, with a total population of more than 840,000,000, have won independence since 1939, said Macquarrie, parliamentary assistant to External Affairs Minister Green.

"But what about the position of subject peoples within the Soviet empire? Assessments may vary but there are about 96,000,000 people under Soviet rule who have never been permitted to exercise the right of self-determination which the U.S.S.R. so loudly proclaims for others."

The wording of Macquarrie's speech—terming Soviet colonialism a "record of tyranny"—was as sharp as has been heard here against Russian colonial policy and it caused Britain's Sir Patrick Dean to cross the assembly floor to extend congratulations. It is expected Dean will speak in much the same vein when he addresses the assembly Monday.

CHICAGO (AP)—At least 395 persons have died in various mishaps in the United States since the U.S. Thanksgiving holiday weekend began at 6 p.m. local time Wednesday. Of the total at least 287 were killed in traffic mishaps, and 35 perished in fires.

Miscellaneous accidents including air crashes took 73 lives. The most costly single killer accident was the crash of a United Air Lines Viscount Friday in Maryland in which 17 persons died.

## STOP-PRESS BULLETINS

**Varsity Blues Capture Football Trophy**  
HALIFAX (CP)—University of Toronto Varsity Blues, led by the power running of two fullbacks, lifted the Robert Standfield football trophy from St. Francis Xavier University X-Men with a 20-14 victory before 4,000 fans in the Atlantic Bowl here today.

**UK Liberals Condemn H-Test Decision**  
LONDON (Reuters)—Leaders of Britain's Liberal Party today condemned the decision of the government of Prime Minister Macmillan to carry out an under-ground nuclear test in the United States.

**More RCMP Than Demonstrators At Die's**  
OTTAWA (CP)—RCMP and city police outnumbered Toronto anti-nuclear demonstrators in front of Prime Minister Diefenbaker's residence today. Four members of the Toronto Committee of 100 paraded with placards in front of the house and planned later to sit down in the driveway entrance.

**Tito Plans 'Holiday' In Soviet**  
BELGRADE (Reuters)—President Tito is expected to travel to the Soviet Union early next month for a "holiday" which probably will include major policy talks with Premier Khrushchev, Yugoslav sources said today.

**Bonner Sends Investigator To Hope**  
VICTORIA (CP)—Attorney-General Robert Bonner Friday sent a top welfare official to Hope to investigate the plight of 1,300 Sons of Freedom Doukhobor trekkers camped there.

## Toned-Down Proposals Still Keep Crisis Going

UNITED NATIONS (CP)—UN diplomatic sources believe the United States will reject several parts of a Soviet-Cuban plan to settle the Cuban crisis that includes lifting of the U.S. economic blockade of Cuba.

The 14-point proposal submitted to the United States and the United States and violations of Cuban air and waters. President Kennedy said Tuesday the United States would not "abandon the political, economic and other efforts of this hemisphere to halt subversion from Cuba."

Castro's original insistence on U.S. withdrawal from the naval base at Guantanamo was toned down to a suggestion that the United States and Cuba begin negotiations on the future of the security council, U.N. diplomats reported.

Another point called on the United States to stop interfering in the domestic affairs of Cuba. Castro originally demanded a cessation of "subversive activities" expected to reply next week.

## UN Adopts Move To Aid Refugees In Hong Kong

UNITED NATIONS (AP)—in the General Assembly, where the United Nations social welfare committee Friday night adopted a seven-nation resolution urging increased help for 1,000,000 refugees who have fled from Red China to Hong Kong.

The vote was 41-19 with 22 abstentions. Eighteen countries were absent. Soviet efforts to dilute the resolution by making it apply to all refugees were defeated. But its fate is doubtful.

Five African countries, Guatemala and Paraguay sponsored the resolution.

## Wheat Pool Speech Takes Couple Of Weeks To Blast

OTTAWA (CP)—A speech Agriculture Minister Alvin Hamilton made to the Saskatchewan wheat pool two weeks ago, has turned out to be dynamite with a delayed fuse.

The dynamite went "Bang!" Friday in the Commons as Opposition Leader Pearson and NDP Leader T. C. Douglas led a harsh attack on the minister's proposals for bolstering grain exports.

Mr. Hamilton spiritedly defended his action, drawing an assist from Social Credit Leader Robert Thompson who saw merit in the minister's suggestions.

Mr. Hamilton told a meeting of the Saskatchewan wheat pool at Regina Nov. 9 that Prairie farmers collectively might consider setting aside a certain percentage of their wheat income each year to underwrite future credit sales abroad.

He also suggested that the three Prairie pools and the United Grain Growers consider forming a grain sales organization to act as marketing agent for the Canadian wheat board.

The speech dominated Commons debate Friday on 1962-63 spending estimates of the agriculture department.

Mr. Pearson kindled the eruption when he called the risk-sharing idea a "ridiculous procedure." He accused the

VERNON NOMINEE

## Mariner Hot On Venus Trip

WASHINGTON (AP)—Mariner, the U.S. vehicle now heading for a mid-December rendezvous with Venus, has lost power from one solar panel and is beset with mounting temperatures the U.S. Space Agency reported Friday.

In spite of this the bug-shaped space traveler, holder of the world record for long-distance radio communications—almost 18,000,000 miles—is expected to complete its mission.

That mission is to pass within about 20,000 miles of the earth's sister planet, and get a closer look-through instrument readings—of the Venutian surface, obscured to earth observers by clouds.

Harold Thorlakson, 28, today filed nomination papers for alderman for the Dec. 6 municipal election in Vernon. He will vie for the unexpired one-year term of Ald. Franklin Valair who is resigning from council. Mr. Thorlakson was born and raised in Vernon and is manager of J. and M. Sawmills Ltd., Lavington and a partner of Ponderosa Ranch and riding stables. He is married and has three children. He is active in community affairs, holding office of secretary and president of Vernon Jaycees over the past eight years; district president of Okanagan-Mainline Jaycees and provincial Jaycee international commission chairman. Four aldermanic seats are open for election this year. Aldermen Teifer, August and Lemick have indicated they will seek re-election.

## India Seeks Clarification On China's Cease Fire Plan

NEW DELHI (Reuters)—India has asked China for clarification of its cease-fire proposals, an external affairs ministry spokesman said today.

Fighting along the disputed Himalayan border stopped Thursday after a unilateral Chinese decision to cease fire.

A Peking announcement said Chinese troops will withdraw Dec. 1 to positions behind the lines controlled Nov. 7, 1959.

This would restore to India almost all the territory in the Northeast Frontier Agency lost since the border war began Oct. 20, but would leave China in control of a large area of Ladakh in northern Kashmir.

Meanwhile United States and British officials today compared notes on their countries' aid mission to India in light of the

Communist Chinese cease-fire in the Chinese-Indian border.

DISCUSS CONFLICT  
Averell Harriman, U.S. assistant secretary of state for Far Eastern affairs, met British Commonwealth Secretary Duncan Sandys here following conferences with Indian officials on the current situation in the dispute.

American military experts in Harriman's aid group discussed the conflict with chiefs of the Indian Army and air staffs.

Harriman planned to meet President Sarvapalli Radhakrishnan while British Commonwealth Secretary Duncan Sandys was expected to meet Prime Minister Nehru to arrange further British arms aid in the event of renewed border fighting.

Observers said there appeared to be genuine anxiety among the Chinese officials that India accept their offer as a basis for future negotiations.

The main topic at gatherings where Chinese officials and Westerners met was: "How will India react?"

Highly-placed Chinese are asking Westerners in private conversations: "What more can we do without completely yielding to Indian demands?"

Nothing like this has ever happened here before," said

White gained freedom after the prison received official-looking documents from the Central Records Office at Nashville showing White had served federal time which would have counted toward his state prison sentence.

The names of several judges had been forged to the

## Fulton Slips By Silently

VANCOUVER (CP)—Federal Works Minister Fulton slipped through Vancouver Friday night without commenting on the B.C. Conservative leadership question.

Mr. Fulton went straight from the airport to the railway station to board a train for Salmon Arm.

Party sources said they believe the minister wants to talk to his constituents in Kamloops before answering a call to take over leadership of the provincial party and give up his \$27,000-a-year portfolio in the federal cabinet.

An aide said Mr. Fulton will hold a press conference here at 4:30 p.m. PST Monday.

## Storm Batters B.C. Coast

VANCOUVER (CP)—A storm packing winds of up to 80 miles an hour lashed southwestern British Columbia early today, bringing down power and telephone lines in some areas.

Hardest hit was the Courtenay-Comox area, where numerous power and telephone lines were downed by winds that were still gusting to 70 miles an hour at 8 a.m.

Trees felled by the wind also blocked several roads in the area, and a large paper scow was knocked from its moorings in Campbell River harbor.

No injuries were reported.

A power line supplying electricity to the Comox Air Force Base, where a squadron of front-line Voodoo jet interceptors is based, was cut. The base switched to its own emergency power supply shortly afterward.

Several minor power failures were also reported in greater Vancouver, where the wind locally was recorded at up to 55 miles an hour.

Heavy rain accompanied the winds.

## PROFESSIONAL JOB

## Wrote Way Out of Jail

RIIPLEY, Tenn. (AP)—Embarrassed officials fear a man serving a forgery sentence has written his way out of the Fort Pillow state prison farm near here.

Howard Lee White, 33, of Memphis, was released late last Saturday after the necessary papers were received by prison authorities. The papers proved to be forgeries.

Nothing like this has ever happened here before," said

White gained freedom after the prison received official-looking documents from the Central Records Office at Nashville showing White had served federal time which would have counted toward his state prison sentence.

Red China calls cease-fire  
Hanoi after massive drive  
U.S. arms blockade lifted  
Jet bombers in Cuba to go

A sweeping Communist advance towards India's Assam plains halted abruptly this week as the Chinese called a surprise cease-fire.

The unexpected truce was reported by the Chinese, advancing wave after wave in a style reminiscent of the Korean War, overran the last Indian stronghold on the eastern end of the long border. They appeared to be poised for a downhill drive out of the Himalayas and into the rich tea-growing plains.

Then early on Wednesday—Tuesday afternoon in the Western Hemisphere—came the bombshell announcement from Peking that the Chinese would stop firing at midnight Wednesday.

The announcement also said Chinese forces, starting Dec. 1, would be withdrawn to positions 15 miles behind "the lines of actual control which existed between China and India on Nov. 7, 1962."

**ADENAUER HEATED**  
Domestic matters also preoccupied several Western European leaders.

West German Chancellor Konrad Adenauer, visiting Berlin, ran into some heckling Thursday when he described the crisis in his coalition government over the arrest of the publisher and three editors of Der Spiegel magazine.

France's President de Gaulle scored a decisive victory in the first round of National Assembly elections last Sunday. His union for a new republic ousted the Communists as France's strongest party, winning 30 of the 104 seats decided.

In Britain, Prime Minister Macmillan's Conservative party suffered a voting setback as it lost two seats to the Labour party and held three others by reduced margins in by-elections Thursday.

**STORM TOLL HIGH**  
It was another bad week at sea, with a series of accidents taking scores of lives and causing millions of dollars damage.

The worst mishap, the collision of a Japanese tank and a Norwegian tanker in Tokyo Bay last Sunday, took 50 lives, including all 36 crew members of the Japanese vessel.

A Canadian freighter, the East Star, was abandoned by its 13-man crew off Bermuda last Saturday following an 11-day battle with high seas and falling engines. It sank early Tuesday.

In British Columbia, heavy rains and winds Monday

caused slides and flooding that closed several main roads and rail lines. The 1,000 wandering members of the Sons of Freedom Doughboys, camping on the Coquille River in the Hope area, were forced to move to a higher campsite when the river rose quickly.

**SMALLWOOD RETURNED**  
A potential election winner, Newfoundland's Premier Joseph Smallwood, ran true to form Monday as his Liberals won their fifth straight victory since Newfoundland became a province in 1949.

The Liberals took 33 seats in the Legislature, which had been expanded to 42 from 36 seats, while the Conservatives won seven. One independent won election and voting was deferred until Friday in another seat. In the last House the Liberals held 31 seats, the Conservatives three and the United Newfoundland party two.

**WEEK IN THE WEST**  
The RCAF graduated its first class of 30 CF-104 pilots at the Cold Lake, Alta., RCAF base Wednesday after 24 weeks of rigorous training in Canada's front-line, low-level jet bomber. The pilots will join the RCAF's European air division next month when eight squadrons of Sabre aircraft will be replaced with CF-104s.

British Columbia's stormy weather took a 100-mile-an-hour swipe at southern Alberta early in the week, lifting roofs off buildings, reducing visibility to near zero and ripping out telephone and telegraph lines. The storm was blamed for the death of two men in a small truck which was crushed between two semi-trailer trucks in the blinding dust near Bassano, Alta.

The Alberta government had a deficit of more than \$24,000,000 in the first six months of the current fiscal year. Provincial Treasurer E. W. Hinman, in announcing the deficit Tuesday, said one of the main reasons for it was a \$10,000,000 decrease in revenue from the sale of petroleum and natural gas leases on crown reserves. Mr. Hinman said the deficit would be pared to about \$7,000,000 by the end of the fiscal year, March 31. Earlier, he had predicted a surplus of \$60,000 this year.

**WEEK IN THE EAST**  
Premier John Robarts of Ontario announced Wednesday the establishment of a five-man committee to study the provincial and municipal tax structure.

Premier Jean Lesage of Quebec left for a holiday following his electoral victory and said the new legislature will meet Jan. 15.

Another fall storm swept the Atlantic provinces with rain and gales, causing flooding, shipping troubles, and power failures.

**ENLARGE AIRPORT**  
A \$2,100,000 project to enlarge the Perth, Australia, airport to international jet standards was completed in 1962.

**TO MAKE MOVIE**  
LONDON (AP)—Julia Andrews, the toast of Broadway for her performances in *My Fair Lady* and *Camelot* is to make her first movie. She has signed to play a Walt Disney heroine called Mary Poppins, an English nanny who pops out of nowhere to take two lonely children into a world of make-believe. Shooting will start in Hollywood next spring. Julia is now in London with her stage designer husband, Tony Walton, awaiting the birth of her first baby.

By CARMAN CUMMING  
Canadian Press Staff Writer

Red China calls cease-fire  
Hanoi after massive drive  
U.S. arms blockade lifted  
Jet bombers in Cuba to go

A sweeping Communist advance towards India's Assam plains halted abruptly this week as the Chinese called a surprise cease-fire.

The unexpected truce was reported by the Chinese, advancing wave after wave in a style reminiscent of the Korean War, overran the last Indian stronghold on the eastern end of the long border. They appeared to be poised for a downhill drive out of the Himalayas and into the rich tea-growing plains.

Then early on Wednesday—Tuesday afternoon in the Western Hemisphere—came the bombshell announcement from Peking that the Chinese would stop firing at midnight Wednesday.

The announcement also said Chinese forces, starting Dec. 1, would be withdrawn to positions 15 miles behind "the lines of actual control which existed between China and India on Nov. 7, 1962."

**ADENAUER HEATED**  
Domestic matters also preoccupied several Western European leaders.

West German Chancellor Konrad Adenauer, visiting Berlin, ran into some heckling Thursday when he described the crisis in his coalition government over the arrest of the publisher and three editors of Der Spiegel magazine.

France's President de Gaulle scored a decisive victory in the first round of National Assembly elections last Sunday. His union for a new republic ousted the Communists as France's strongest party, winning 30 of the 104 seats decided.

In Britain, Prime Minister Macmillan's Conservative party suffered a voting setback as it lost two seats to the Labour party and held three others by reduced margins in by-elections Thursday.

**STORM TOLL HIGH**  
It was another bad week at sea, with a series of accidents taking scores of lives and causing millions of dollars damage.

The worst mishap, the collision of a Japanese tank and a Norwegian tanker in Tokyo Bay last Sunday, took 50 lives, including all 36 crew members of the Japanese vessel.

A Canadian freighter, the East Star, was abandoned by its 13-man crew off Bermuda last Saturday following an 11-day battle with high seas and falling engines. It sank early Tuesday.

In British Columbia, heavy rains and winds Monday

caused slides and flooding that closed several main roads and rail lines. The 1,000 wandering members of the Sons of Freedom Doughboys, camping on the Coquille River in the Hope area, were forced to move to a higher campsite when the river rose quickly.

**SMALLWOOD RETURNED**  
A potential election winner, Newfoundland's Premier Joseph Smallwood, ran true to form Monday as his Liberals won their fifth straight victory since Newfoundland became a province in 1949.

The Liberals took 33 seats in the Legislature, which had been expanded to 42 from 36 seats, while the Conservatives won seven. One independent won election and voting was deferred until Friday in another seat. In the last House the Liberals held 31 seats, the Conservatives three and the United Newfoundland party two.

**WEEK IN THE WEST**  
The RCAF graduated its first class of 30 CF-104 pilots at the Cold Lake, Alta., RCAF base Wednesday after 24 weeks of rigorous training in Canada's front-line, low-level jet bomber. The pilots will join the RCAF's European air division next month when eight squadrons of Sabre aircraft will be replaced with CF-104s.

British Columbia's stormy weather took a 100-mile-an-hour swipe at southern Alberta early in the week, lifting roofs off buildings, reducing visibility to near zero and ripping out telephone and telegraph lines. The storm was blamed for the death of two men in a small truck which was crushed between two semi-trailer trucks in the blinding dust near Bassano, Alta.

The Alberta government had a deficit of more than \$24,000,000 in the first six months of the current fiscal year. Provincial Treasurer E. W. Hinman, in announcing the deficit Tuesday, said one of the main reasons for it was a \$10,000,000 decrease in revenue from the sale of petroleum and natural gas leases on crown reserves. Mr. Hinman said the deficit would be pared to about \$7,000,000 by the end of the fiscal year, March 31. Earlier, he had predicted a surplus of \$60,000 this year.

**WEEK IN THE EAST**  
Premier John Robarts of Ontario announced Wednesday the establishment of a five-man committee to study the provincial and municipal tax structure.

Premier Jean Lesage of Quebec left for a holiday following his electoral victory and said the new legislature will meet Jan. 15.

Another fall storm swept the Atlantic provinces with rain and gales, causing flooding, shipping troubles, and power failures.

**ENLARGE AIRPORT**  
A \$2,100,000 project to enlarge the Perth, Australia, airport to international jet standards was completed in 1962.

## Held Man May Have Clue On Missing French Youth

OTTAWA (CP)—A man day night on a warrant issued by the RCMP at Kamloops, B.C., in connection with the holding of a forged cheque last July 28. Mariet would be taken to Kamloops for trial, RCMP said.

The RCMP spokesman said Thursday police wanted to question Mariet in hopes of getting information about Henri Mariet, 20-year-old Frenchman who vanished in late August while hitchhiking south along the Alaska highway.

"We'll interview anyone who could help locate Mariet," he said.

First word of the youth's disappearance came from his parents in France, who wrote the French consul in Vancouver when letters stopped coming from their son. Mariet was a student at Grenoble.

Karol Varni Mariet, 20, Hungarian-born painter and garage mechanic, was picked up Thursday night on a warrant issued by the RCMP at Kamloops, B.C., in connection with the holding of a forged cheque last July 28. Mariet would be taken to Kamloops for trial, RCMP said.

**MOVING DESKS FOR MONDAY**

Friday School District 23 staff waited until the final bell before moving in furniture, maps, books and other equipment to the new Dorothy Walker classrooms. The new classrooms will be in use on Monday.

**WALKER STUDENTS OUTSIDE LOOKING IN**

Taking a peek at one of the newly finished classrooms at Dorothy Walker elementary school Friday after school were, from left, Beverly Crookes, 12, Stephanie Smith, 11, Janice Crookes, 10, Peggy Burns, 10, Wendy Rea, 12.

## Member Of Pioneer Family Ira Dilworth, 68, Dies

Ira Dilworth, widely known as the Dilworth family who operated a large cattle ranch in the northeastern end of Kelowna in the early 1900's, died suddenly in Vancouver Friday at the age of 68.

## Spend Gift Money On The Wretched

A new plan of Christmas giving will be sponsored by the Unitarian Service Committee of Canada this season.

Mr. Dilworth had a distinguished career in education, the arts and broadcasting.

Born in High Bluff, Manitoba, as an infant he came to Kelowna with his parents; he was educated here until the family left for Victoria in 1908. Educated at UBC and at McGill University, he held an honorary LL.D. degree from UBC, an M.A. from Harvard and a B.A. from McGill.

He was a high school teacher in Victoria from 1915 to 1926 when he became principal of Victoria High School, one of the youngest teachers ever appointed a principal in B.C.

Twice elected president of the B.C. Teachers' Federation, he entered the radio field.

In 1938, he joined the CBC as regional director for B.C. and at the corporation was in turn general manager of the international service, director of program production for Toronto and director of all English networks.

Until two years ago he was director of program evaluation for the CBC's national radio and television services and was also consultant to the CBC on long-term policy matters.

## CITY CLUBS MEETING MONDAY TO FORM CHRISTMAS GIFT DEPOT

A move to bring together all the clubs and organizations which inadvertently conflict with Christmas-time charity will be made Monday.

A meeting of clubs, women's groups, Salvation Army and private citizens has been called for 2 p.m. at city hall council chambers.

In the past, there have been examples of families receiving not one but three or four Christmas hampers, with food, gifts and toys from well-meaning groups.

At the end of the Christmas season last year, the idea was hatched to amalgamate these efforts so that no one is missed or over supplied.

It is possible some form of central depot will be set up.

Anyone interested is asked to attend.

## Rutland PTA Learn Value Of Study, Good Eating Habits

RUTLAND — Rutland Parent Teachers Association meeting for November, held recently in the Junior-Senior High School cafeteria, proved to be informative, enlightening, and extremely practical for today's parents.

Mr. Hopper discussed the new report card. He did not just go over the format of the revised report card for the elementary grades, but delved into the thought and care every teacher put into each one.

**FIRST REPORT "CRITICAL"**  
The first report of the term is a critical evaluation of the child's strength and weaknesses," he said; "examinations of the reports are most carefully and thoughtfully prepared. They are designed in such a way as to reveal exactly in what area a child may be weak. Then a way will be found to help the child overcome these weaknesses."

The parents were told that not only does the report show the child's letter-grades but it contains also a report written by the teacher to point out exactly how the parents can help the teacher to help the child. This latter method is not new, but its acceptance is. The parents are realizing that timely advice can be of great assistance to them. They in turn can help the teacher educate the child.

**"SNIFFLES" SERIOUS**  
Miss Short, the Public Health Nurse, spoke on the physical welfare of the child, talking first on communicable diseases.

The audience was keenly interested in this since parents know how important it is that a child not miss many days of school.

"Naturally," Miss Short said, "the pupil must be kept at home to ensure complete recovery and avoid contact with healthy children."

She stressed the fact that sending children to school too can be harmful.

"Diagnosis of some communicable diseases are being 'just a common cold' can be dangerous. Parents should be careful that every precaution is taken when a child has persistent 'sniffles.' The lunch program was the final subject dealt with."

"The school lunch is an important meal, and should be wholesome and attractive; fruit can be nature's toothbrush because it cleans the teeth after a meal, usually eaten where the child's toothbrush is not available."

**SUPPORT W**  
Following the addresses, the PTA agreed to support the Women's Institute in an effort to obtain co-operation of other local organizations in an effort to obtain, from the Department of Highways, improvement in the facilities for pedestrians on the Rutland Road.

The meeting, which was well attended, ended with the speakers being thanked by the president, Mrs. June Bell, after which refreshments were served.

**PERMISSION**  
Ian Lamont, a grade eight teacher at Dr. Knox School, Thursday night was granted permission by the school board to apply for a two-year recording to the Department of National Defence.

## MUSICALLY SPEAKING

With BETHEL STEELE

This week of November 18 to 24 has been set aside as Canada Music Week, and will be celebrated as such across the country wherever the Canadian Federation of Music Teachers is active as a local organization.

Canada Music week was inaugurated in 1960 by proclamation of the Prime Minister of Canada to celebrate the 25th anniversary of the federation.

Unfortunately, Kelowna is without an active Registered Music Teachers' group although there are members of the federation practicing their profession in the community.

Vernon is well organized with the teachers there presenting a weekly program of teacher or student performers.

Pentlton has a yearly student recital with teachers from Oliver and Osoyoos participating.

Music Week celebration, in most centres, usually takes the form of special recitals, and a focussing of attention on Canadian music in the studio and wherever possible in the work of those church choirs under the leadership of federation members.

In essence, the further aim of the CFMTA is to draw attention to the best in all forms of music and music making, and to detract from the cheapening influences so prevalent in much of today's musical entertainment.

Kelowna may not be formally celebrating Canada Music Week, but by extending that week by one day the Kinette Choir can come under its aegis.

The program the choir is offering has been planned to appeal to all tastes. There is something for everyone.

Assisted by Marian Allen with her harp, Murray Hill as violinist, Jean Block, flautist, of Vernon and Tom Austen at the organ this well loved choir under the direction of Phyllis Hill has a wonderful treat in store for its fans.

The group is singing better than ever and should sound magnificent in the new theatre.

This will be music making at its finest and better still a little bit of Canadiana as Mrs. Hill has arranged most of the music herself.

A wonderful new theatre! A good choir and beautiful music! What better way for Kelowna to celebrate Canada Music Week?

The Canadian Opera Company is presenting the well loved opera La Boheme in Vernon Monday night under Community Concerts Association.

## RUTLAND-ELLISON GROWERS RESOLUTION

# Catch Vancouver Trade With Tree Fruit Stands

RUTLAND — Rutland-Elison orchardists last night suggested the British Columbia Fruit Growers local in Rutland's side stands in Vancouver suburbs to combat "excessive" markups by retailers.

At the annual general meeting of the British Columbia Fruit Growers local in Rutland's side stands in Vancouver suburbs to combat "excessive" markups by retailers.

They urged a resolution for the provision of "controlled atmosphere storage" in all additional storage buildings constructed in the future to provide better facilities for holding large crops for extended marketing seasons.

They also expressed the view that cherries and soft fruits should pay a larger share of storage costs borne by tree fruits on fruit taken over from the packinghouse.

**NO ROAD CHECKS**

Not endorsed was a resolution requesting periodic road checks of vehicles going over Rogers Pass to stop "bootlegging" of fruit to the prairies.

Officers in the local were retained by acclamation.

These include Michael Dapavo as chairman, James Duncan, vice-chairman, John A. Dendy as secretary-treasurer.

Delegates to the January convention will be M. Dapavo, George Whittaker, Arthur Pekrui, J. D. Dendy and Tom Terat.

Appointed to represent the local on the Rutland Chamber of Commerce were Ian Hadden, M. Dapavo and G. K. DeLong.

To the Board of the meeting appointed M. Dapavo, and as auditor Percy Green was the choice of the meeting.

A film on "Supermarkets and the Farmer" was shown at the close of the meeting.

## Monday Nomination Day For Any Dark Horses

Monday is nomination day for the Dec. 6 civic elections in the city of Kelowna.

There are three alternate seats vacant on Council.

One incumbent, Ald. C. A. M. Lipton, is seeking re-election; there are six other candidates for the seats.

They include: Victor Haxstad, Jack Bedford, Max Da. Puffer, Fred Macklin, Max Weller and Thomas "Scott" Angus.

Any further nominees will have to file their papers with the city hall by noon Monday and Dec. 6 civic elections.

Unlike December, 1961, when Dr. Clifford Henderson was the only newcomer to signify his intent to run for a seat.

## Oyama Growers Urged To Attend

OYAMA — Annual meeting of the Oyama local of the B.C. Fruit Growers Association will be held at 8 p.m. Tuesday in the Oyama Memorial Hall.

Also at the meeting, delegates to the convention will be nominated, and nominations for industry positions accepted.

Local growers were asked to "turn out in force" for the meeting.

Resolutions for the coming convention will also be discussed.

## Nigerian Film At UN Meeting

A film titled "Independent Nigeria" will highlight a meeting of the Kelowna Branch of the United Nations Association, Tuesday night in the Medical Health Unit Building.

Also during the evening Christina Epp, 1009 Lawrence, who won an Oddfellows and Rebekah Lodge trip to the United Nations and a tour of the United States and Canada will speak at the meeting.

The tour of students extended for a month, starting July 1.

Four other students who attended the UN Seminar at the University of British Columbia will also speak at the meeting.

Miss Epp, a student at Kelowna High School received the award following a speaking contest.

## WHAT'S AT THE MOVIES

**AT THE PARAMOUNT**  
Monday, Tuesday  
"SAMAR"

The heroic trek by thousands of Philippine prisoners across miles of mountains and through steaming jungles against overwhelming odds provides the stirring climax of "Samar", starring George Montgomery, Gilbert Roland, Ziva Rodann, Joan O'Brien and Nico Minardos.

Montgomery stars as a disillusioned American doctor sentenced to five years confinement at the penal colony on Samar for wounding a man in a duel.

The compassionate administrator in Samar has wrought an almost idyllic village, and a new military commander orders him to return to Manila under censure.

The administrator instead, decides to destroy the colony and lead the inhabitants into the interior to a legendary valley.

**Monday, Tuesday**  
"HOUSE OF WOMAN"

A new inmate comes to a women's prison and the impact on her and her impact on the prisoners is the basis of "House of Women." Shirley Knight, Barbara Nichols, Constance Ford, Andrew Duggan and Margaret Hayes are starred.

## Okay All But Two Area Subdivisions

Of 38 proposed subdivisions in the Kelowna area involving 185 lots which were inspected by the Health Unit, only two were turned down, Dr. D. A. Clarke reported.

One of them involved 43 lots, most of which were located on solid rock with little or no top soil.

In Peachland, a proposed conversion of a vacant packinghouse on Okanagan Lake into an apartment block was rejected, Dr. Clarke said. "The very limited area for safe sewage disposal combined with close proximity to the lake could lead to a serious pollution problem if the plan does materialize."

## Wins Honors In Westbank

Named to the roll of honor at George Pringle High School in Westbank were the following in order of merit:

Honor roll: Grade 12, Michael Johnson, Violet Griffin, Sharon Stewart, honorable mention, Dorothy Norman, Grade 11 honor roll, Joan Lee; honorable mention, Kay Nakata, James Woodsworth, Gary Reece, Grade 10 honor roll, Elizabeth Griffin, Virginia Maddock, Catherine Reed; honorable mention, Jeanette Stewart, Barbara Simey, Grade 9 honor roll, Margaret MacNeill, Kay Nakata; honorable mention, Joyce Barnard, Jennifer Poole, Brian Elliott, and Grade 8 honorable mention, Eleanor Hussey and Shirley Griffin.

## Legion Elections November 27

Royal Canadian Legion's Kelowna branch will hold elections for the post of president and two vice-presidents at a general meeting Nov. 27.

Nominations opened Nov. 17 and will close the night of the election. All nominees, proposers, seconders must be full qualified members, ordinary or life. Returning officer is W. J. S. Short and deputy returning officer John Appleton.

Incumbent president is Arthur Gordon with first vice-president Harold Whitehouse and second vice-president C. E. Campbell.

Total paid up membership in the branch, as of September 1962, was 833 as compared to 823 in 1961.

At a recent meeting, members learned from Percy Maundrell that it is now permissible to use poppy sale funds in excess of relief, for bursaries and low rental housing.

## Weather Picture None Too Bright

Dark skies this morning heralded a gloomy weekend as a Gulf of Alaska storm begins its move inland.

An active storm, covering most of the Gulf, it has brought gales and rain to the whole coast overnight and fresh to strong southerly winds to many interior valleys.

Today, the official synopsis said, there will be a change on the coast from almost continuous rain to more showery conditions while the winds shift to southwesterly. The interior will have a few showers in western and northern areas as the storm moves in.

## MISSION OWNERS DISCUSS DELAY

A general meeting of Okanagan Mission Water District homeowners involved in the construction delay of a water system has been called for 8 p.m. Dec. 3 in the Community Hall.

Residents earlier this year voted with a 77 per cent majority in favor of the \$100,000 proposal to supply approximately 200 southern area homes with water.

Construction was to have started this fall but the delay has been caused by a shortage of initial connection charges which had to be paid before building the system.

Planning for the system, which will pump about 1,600 gallons of water a day to each property owner from a lake-side pump house, began three years ago and culminated with the vote in May.

The average parcel of land would require a \$35 connection charge and a \$15 toll.

### Gospel Describes Regenerating Work

The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell where it cometh, and whither it goeth: so is everyone that is born of the Spirit." (John 3:8).

The third chapter of St. John's Gospel is probably the best known portion in the New Testament. It contains a record of the interview Nicodemus had with our Lord. We have every reason to believe the ultimate result was his conversion, and he came to know the Lord Jesus as his own personal Saviour. Every verse in the record is important, but verse eight is particularly so as it sets forth the Holy Spirit in producing the miracle of the New Birth.

In the Bible, salvation is presented to us in different ways with the use of various terms. In the Gospel of John, salvation is illustrated:

In Chap. 4: As coming to Christ with all of our sins and being welcomed and forgiven by Him.

In Chap. 5: Being made whole by Christ.

In Chap. 6: Christ is our Bread of Life—we feed on Him.

In Chap. 7: Christ is our Water of Life.

In Chap. 8: Complete freedom from sin in Christ.

In Chap. 9: Having our blind eyes opened by Him.

In Chap. 10: He is the door, by Him we enter in.

In Chap. 3: We have the terms of the New Birth—a spiritual birth—born from above. Our text tells us how this miracle of salvation takes place.

The wind speaks of the divine sovereignty of the Holy Spirit's regenerating work. Who can control the wind? Who can dictate to the wind? Only God can do this! Only God can produce the miracle of the new birth! He is sovereign in His operation.

We read in John 1:12-13, that regeneration is not of blood, nor of the will of the flesh nor of the will of man, but of God. So is every one that is born of the Spirit. When Jesus said "The wind bloweth where it listeth"—it means where He wills. God is sovereign in this matter, and when we preach the Gospel, God is sovereign in the results—He carries forward His purpose.

The wind speaks of the constant activity of the Holy Spirit's regenerat-

ing work. "The wind bloweth." It always blows—this is the function of the wind. It is also the function of the Holy Spirit to produce the miracle of regeneration. He is constantly engaged in this task. His particular ministry in this dispensation is to call out people of every nation and by the miracle of the new birth make them members of the true church of Christ. The Holy Spirit is always active doing His marvelous work.

The wind speaks of the great diversity of the Holy Spirit's regenerating work. "The wind bloweth where it listeth." Its direction frequently changes, it blows evenly or in a gust of wind, powerfully or gently, sometimes hot and sometimes cold. What diversity of operation there is in the wind's activity! How varied is the Holy Spirit's method of working in the salvation of a soul! What different strategies He employs for effecting His gracious purpose! He is waiting to do His work in you—yield your life to Christ and trust Him as your personal Saviour!

The wind speaks of the profound mystery of the Holy Spirit's regenerating work. Jesus said when the wind blows, we hear the sound of it, but we cannot tell where it comes from or where it goes. Who can tell what makes it change? How is it that we cannot give accurate weather forecasts? There is a mystery about it.

Nicodemus, the most important ecclesiastical leader in Jerusalem came to Jesus by night and a change took place in his life. A woman who had five husbands and was living with one who was not her husband—came to Jesus. He graciously spoke to her and her life was changed. Can you explain these cases? Can you explain many others? We cannot explain the Holy Spirit's work.

The wind speaks of the extreme simplicity of the Holy Spirit's regenerating work. If you let the Holy Spirit have His way with you, He will lead you to Christ Who died for you on Calvary's Cross and rose again to offer you full and free salvation. The Holy Spirit will lead you to believe and trust in Christ. In the moment you believe, you will be born again and become a member of God's family—a child of God in the royal family of heaven.—By Rev. H. Cairano, Rutland Gospel Tabernacle.

TEST PATTERN

## Lesage's Name Popping Up As Successor To Pearson

OTTAWA (CP) — Premier Jean Lesage of Quebec is being mentioned more and more in political circles here as the potential successor to Lester B. Pearson as national Liberal leader.

Mr. Lesage's stock among Liberals began an uninterrupted rise when he and his Liberals knocked the Union Nationale out of office in Quebec in 1960. Since then, he has seemed to make no overt effort to foster this vision of his future as national leader and has confined himself to his own bailiwick. Yet his actions in Quebec, especially his second election victory last week, have given impetus to speculation that he may ultimately succeed Mr. Pearson.

One factor in his favor, and in the favor of any French-Canadian Liberal of outstanding ability and reputation, is that since the days of William Blake in the 1860s, the Liberals have alternated from French- to English-speaking leaders.

**CHANGE EXPECTED**  
Because the electorate and the party itself have become conditioned to this practice, it is generally assumed that whoever follows Mr. Pearson as Liberal leader will be French-speaking.

The question of timing hinges on the result of the next federal election. If Mr. Pearson leads the Liberals to victory, chances of a change in leadership for several years appear slim.

However, if the Liberals are defeated in a third election under Mr. Pearson, now 65, he himself may propose a change in leadership.

Speculation gives Mr. Lesage, now 50, an edge at the moment as a Pearson successor. But he is by no means alone in the field.

Liberals mention two Ontario natives—Paul Martin and Lionel Chevrier—both of French-Canadian parentage, fluently bilingual and with solid reputations among Liberals as senior cabinet ministers in the former federal government.

**CONSIDER ROUCHAUD**  
Perhaps only a step behind them is Liberal Premier Louis Rouchaud of New Brunswick who led his party to victory over the Progressive Conservative administration of Hugh John Flemming, now federal minister of forestry and national revenue.

Up to now, Mr. Lesage has not been too closely identified with Mr. Pearson and Pearson-led Liberal campaigns. This may stand him in good stead if the Liberals fare badly in the next federal election and he continues not getting involved in these campaigns.

However, Mr. Lesage is likely to be under considerable pressure to provide greater support in the next campaign than was apparent for the June 18 election.

Federal Liberal MPs and workers campaigned vigorously for Mr. Lesage in the Nov. 14 Quebec election. Mr. Pearson said this was because they thought it was the right thing to do.

And Mr. Pearson said he is confident Mr. Lesage, when it comes to the next federal election, will "do the right thing," which is being interpreted as actively campaigning for federal Liberals.

## Cuban Refugees Spread Across U.S.

MIAMI, Fla. (AP) — Cuban refugees, concentrated in Miami during the early stages of their flight from Fidel Castro's Cuba, now are scattered throughout the United States.

When Fernando Hernandez, 25, left this month with his wife and nine-month-old daughter to flee Cuba, he became the 50,000th refugee resettled from Miami to other cities.

The 50,000 are in every state, except Alaska, and in Puerto Rico and the Virgin Islands. More than twice that number remain in the Miami area.

More than 2,000 babies have been born in the United States of Cuban refugee parents. Thousands of other babies have been brought from Cuba by plane and boat.

"The Cuban refugee situation has wider impact than any other such movement in the last decade," said Resettlement Director J. Arthur Lavell, who also worked with the Hungarian refugees in 1956-58.

**WILL THEY RETURN?**  
When the day comes the Cubans can return—and refugees generally believe it will not be long—how many will go home? Lavell believes 10 to 15 per cent will remain in the United States. That means well over 12,000 in Miami and between 5,000 and 7,500 elsewhere. Other estimates are higher.

Since most exiles have refugee status rather than immigrant status, congressional action may be required to facilitate their continued U.S. residence. Such action was taken for Hungarians in 1958, and 38,000 still are in the U.S.

The U.S. has spent \$60,000,000 in relief for the Cubans. More than \$2,000,000 monthly goes to the Miami area.

Federal relief payments amount to a \$100 maximum a family, with the average \$90, and a \$60 maximum for each individual, averaging \$54. There are additional state food grants.

**TODAY IN HISTORY**  
By THE CANADIAN PRESS  
Nov. 24, 1962...  
A mass raid by superfortresses of the United States Army Air Force wrecked severe damage to Tokyo 18 years ago today.

In 1914, this was the final land-based attack on the Japanese capital and was launched from Subban in the Marjans, 1,500 miles away. In spite of the great distance each aircraft carried six tons of bombs.

1929 — French statesman Georges Clemenceau died.

## LOOKING BACK with Old Stager

### 1912 Advertising Pretty Tame Stuff

While it is interesting to read the news columns of the old Couriers of 50 years ago, the advertisements to be seen on the faded pages have a fascination of their own.

Advertising had not become the big-time business that it is today, and, with the exception of real estate, most advertising was plain and unadorned, almost to the point of dullness in some cases, when the ad was changed week after week, quoting the same goods at the same prices!

Price! That is the eye-catcher to the 1962 reader of those half-century old pages, and of course, the outmoded styles. The approach of Christmas stimulated the advertisers, and too, the cooling temperatures caused merchants to push the sale of winter clothing.

Let us, in imagination, take a stroll up Bernard Avenue of 1912, and Courier in hand, look at some of their advertised bargains. Starting point would, of course, be the CPR Ward where station agent A. J. Clarke is interested in selling "Home for Christmas" tickets, which are being featured, with dates of sailing of the various Empress boats. "Home," of course, meaning the British Isles. Across the street is our first stop, "Lequime Bros and Co.", Kelowna's pioneer store, with grocery and dry goods departments. (Scotty's emporium is now located there). We note that in their ads they are featuring "Walkover shoes for ladies, but-ton or laced, \$5 values for only \$3.50."

They also have men's suits from \$20 to \$25 and a few to clear, at only \$14.75. Men's "Macinaw" coats and pants for \$10, and coats only at \$4. Sweater coats are \$2.50 to \$4 and "silk cravats" 35 cents to 75 cents. For the ladies they had fine elastic ribbed Turnbull combinations at \$2.50 per suit. Also there were ladies' long silk gloves, 16 button, for \$1.25 a pair, and Macdon gloves, lined with "soft beautiful white" fur, for \$3.50. Children's all wool vests were 60 cents, and infants' ditto for 25 cents and children's sleepers 80 cents.

Leaving Lequime's we meet our next advertiser in the person of burly Dave Leckie, whose hardware store occupied part of what is now Bennett's Stores.

A canny Scot, his advertising budget was not large. One feature was to be noted in all his ads, the phone was Number 1 Kelowna. For some weeks past Leckie's "ad" featured just one item. A product that indicated that in 1912 we were not only in the transition period from horse to auto, but from outdoor to indoor plumbing, for the specialty was—pardon my blushing—the "Parklyte" Sanitary Chemical Closet, "the best and most practical on the market, absolutely sanitary and odorless. Price \$25."

Next stop we must make is at Alsard's Confectionery and Tea Rooms (now "Adriennes"), for a cup of coffee or a "spot of tea." We note he has Ganong's fruit, nut and cream centres at 60 cents a pound. Next advertiser to look up is Thomas Law-

son Ltd., in the Raymer Block, on the corner of Bernard and Water, (where George A. Meikle Ltd. still carry on the same line of business, though in a newer building, the original structure of 1912 having been destroyed by fire).

"Lawson's" have a quarter page ad, with the heavy black heading "Evenings Getting Cool, Eh?" and then proceed to suggest the protection of deep-lined coats at \$4.50 up, Mackinaws \$5.50, heavy Melton shirts at \$5.50, another feature was "Underwear for Men Who Care" — Stanfield's Blue Label (red lining), Coe Tee brand for the real fine line, Australian wool, silk and wool mix, camel hair combinations, and golden fleeces in combination and two piece.

These, of course, are the "long Johns" so much beloved of modern comedians, but worn by every man 50 years ago. They didn't quote any prices, apparently the goods were for men who didn't care about price.

In our visit to Lawson's we missed one familiar face, and then we note that in the "Local and Personal" column of the Nov. 21, 1912 Courier, we are holding that Ernie Hoy left a few days ago for Vancouver, where his parents had now taken up residence, and had been presented with a gold watch and fob, by the staff and firm.

He will be missed in the athletic circles, the item states, and we agree. We could not know then that he would become an airman and be the first to fly the Rockies.

McKenzie's Grocery is our next stop. George, a popular singer at local socials and concerts, had just opened up that year in what had been D. W. Sutherland's "Kelowna Rural-ture Co." premises (now Sutherland's 5 cents to 10 cents). Sutherland moving his business to his new block on Pendola. McKenzie's are featuring "Wagstaff's Old Country Jam" in "gold lined pails" (the inside of each pail was gold lacquered) for only \$1 for a 5 lb. pail. Featured also are boxes of McIntosh Red apples, wrapped and packed, No. 1s, at \$1.50 per box. Leaving McKenzie's store we come to the Morrison-Thompson Hardware. A somewhat conservative firm, they disdain anything that might suggest over-eagerness for business, and have had the same small advert running for six months, advising that they sell axes and hatchets, of the best tempered steel.

Well, well, here it is closing time, and we haven't been halfway up the main street, and will have to do the rest of our shopping next time we come down town. Let's see what's on at the "Dreamland."

Sounds interesting. "Homer's Odyssey." Most remarkable three-reel feature film ever produced, 1,000 people in the cast, sensational trick photography, admission: Adults 25 cents; children 10 cents. Guess we'll stay and see that, and in the meantime drop in at the "Green Tea Rooms," around the corner on Water St., for a snack.

## Crawling Needed To See This Picture

WASHINGTON (AP) — Imagine a strip of photographic film, 20 to 30 feet wide, some six miles long.

Cut in sections, it is stretched across the floor. Photo analysts, on hands and knees, crawl around on the picture, peering at them through stereo microscopes, a special magnifying glass. The technicians note any detail of change in terrain. More especially, they look for objects on the sites that weren't there yesterday.

They charter the birth of a crisis, a Soviet nuclear threat taking shape on Cuban shores.

Beginning Monday, Oct. 15, says a chief of intelligence, U.S. pilots flew six and seven photo reconnaissance missions over Cuba daily.

"We blanketed the island," he says.

The planes brought back miles of film.

**PICTURES TELL STORY**

Today, you look at a sequence of pictures taken above the missile site. The first shows some empty country. Then, apparently out of thin air, construction becomes visible in succeeding days—anti-aircraft, a half-completed security fence, prefabricated concrete arches, a "batch" plant for making cement, launching pads, fire control bunker, an earth-molded structure, revetments.

It was this evidence that caused President Kennedy to declare a "quarantine" on shipments of offensive weapons to Cuba and to demand the dismantling of the missile sites already built.

A top intelligence agent says that in late August Cuban refugees reported the arrival of Soviet "technicians" in Cuba and the erection of rocket launchers. The refugees were interrogated. Checks on the sites showed they were surface-to-air launchers, and "cruise sites," constant missile artillery.

In September a U-2 photo plane belonging to the Chinese Nationalists on Formosa was shot down from 70,000 feet over

Communist China. U-2 flights over Cuba were suspended "until we could learn what brought down the plane in China."

Low-flying planes, often coming in at altitudes of 300 to 800 feet, continued the surveillance. The official report disclosed that brought down the U-2 in China.

A photo made Sept. 28 of a Soviet freighter showed some large crates on deck. Evaluation indicates they "probably" were Hwasin-28s, a Soviet light bomber, with a range of 750 miles. These crates were unloaded in remote ports, not Havana, and solely by the Russian ship, the Cubans.

In the last days of September, Cuban refugees reported heavy night-time truck traffic on the highways. The freight was covered.

In early October bad weather over Cuba caused a second suspension of the reconnaissance flights.

On Oct. 14 a photo mission revealed missile sites under construction. They were for medium rockets, range 1,000 miles, and for intermediates, range 2,000 miles. On the same day, pictures were taken of the cylindrical crates, seen Sept. 28 on the freighter, now at San Julian airport. It was confirmed that IL-28s were in the crates.

On Oct. 15 these photographs were evaluated. They furnished the first clear evidence that led to the "quarantine."

**SCHOOL LEAVERS**

Girls in Canada often economically necessity more often than do boys in giving their reasons for leaving school.

**BIBLE BRIEFS**

We must work the words of him that sent him, while it is day: the night cometh, when no man can work.—John 9:4.

We are to be the light of the world, letting others see the light and guiding them from the darkness of sin into the light of salvation.

## Britain And The EEC

There is welcome evidence in London, if not in Ottawa, that the great Common Market debate is taking on a new and deeper perspective. The economic arguments are as hotly debated as ever, but the old arguments of traditions British chauvinism versus the new Europeanism are giving way. In their place is developing a discussion of Europe's place and Britain's part in world unity, world development, and world peace. As Britain's time and decision draws near, it is recognized that the basic argument is political. The European Economic Community is the forerunner of a European Political Community.

The time may not be ripe. While businessmen, politicians, intellectuals and tourists may be able to ignore the borders of Europe, the man on the street may not yet be prepared to yield sovereignty to the majority control of his ex-enemies. But the Europeans plan to move pragmatically, step by step. If a step proves firm, another will follow. Experience with the EEC suggests that the steps will follow with increasing speed, and despite all caution the momentum of the

rush toward unity may be too swift.

But these steps will be taken with or without Britain. If they are taken without Britain and are successful, Britain will be walled off politically as well as economically. With the world cut up into huge blocs—the United States and Canada, Europe, the Soviet Union, China, and perhaps Latin America, Africa and Indo-Asia—Britain's influence will be small. The 1,000 years of history, as Mr. Gaiskell has said, will be truly gone.

If the steps are unsuccessful, Britain will no more escape the ensuing European disaster than she has escaped all the others.

Britain now has the opportunity, if it is recognized by her own people, the Europeans and the Commonwealth, to help plot the direction of the steps to follow and to act as a moderating influence when necessary.

There is controversy over whether the new Europe really can play a constructive role in fostering world unity, development and peace. But the new Europe is just beginning, and it is Britain's duty to get in and see that it does perform such a role.—Winnipeg Free Press.

November 1922  
The Oddfellows and Rebekah Lodges held a masquerade ball in the Elks' Hall Thursday night.

**50 YEARS AGO**  
November 1912  
The long hoped for wrestling match between Bob Sutherland and Chet McIntyre, well-known Vancouver wrestler, will be held November 26.

ANN LANDERS

## Take Lawyer's Wise Advice

Dear Ann Landers: You're helping me keep the column accurate as well as entertaining. I'm glad you wrote.

Dear Ann Landers: My name and I were engaged in September. We plan to be married in June. We want to give Christmas gifts to relatives and friends and sign the card jointly. Is this considered correct? Thank you in advance for your answer. —HIM AND HER

Dear Ann Landers: Sorry, it is not considered proper for engaged people to send a gift jointly. He should send something on his own, and so should you.

Dear Ann Landers: Our daughter has become obsessed with the idea of having her nose remodeled. She is 17, a fine student, and normally a sensitive girl.

Please believe me there is nothing wrong with her nose. It goes with her face. I've tried to point out to her that some of the most famous and successful people in history have had prominent features. Their faces had character and impact. People remembered them.

Four girls in her crowd have had their noses done. This is where she got the idea. All their noses look like they came out of the same mold. I'm afraid the operation would destroy her individuality. What do you say? —Q.T.

Dear Q.T.: It's not what I say, or what you think that counts. It's how Bessie feels that matters.

If she is wildly eager, give her your blessing. The new nose may make her look less individual, but it could do wonders for her morale.

Dear Ann Landers: Thanks for your column. You have shown you can take constructive criticism, so here goes.

Your reply to "Miffed," in my opinion was incorrect. In my opinion was "cheap" of the guest to send a bill to replace the hostility born by her pet cat. A person is legally liable for damage or injury inflicted by their pet, whether it is \$2.00 or several thousand dollars.

From the records: Cat takes nap in rear seat of guest's car. Driver did not know cat was there. At a busy intersection cat jumps on back of driver. Result—serious collision. Owner of cat liable.

Cat runs in path of elderly woman, causing her to fall. Result—broken hip. Owner of cat responsible.

I know you strive to make your column accurate as well as entertaining, so please print this letter to set the record straight. —L.A. READER

Dear Reader: Thanks you for

## SWINGING PARTNERS

By M. J. I.

Dancers "squared-up" last Saturday night in Summerland and Ashton Creek to enjoy an evening of dancing fun with their square dance friends from the various valley clubs.

In Summerland the Pairs and Squares hosted the 1st Party Night in the Youth Centre Hall. Bob Emerson of Okanagan called the dance and a buffet supper was provided by the hosts. In Ashton Creek, Joe Card of Enderby was the caller and dancers from various valley clubs enjoyed dancing with their northern friends. A buffet supper was provided.

We have one Party Night "on the board" for this Saturday. The Kalamalka Squares will host their monthly party in the Scout Hall in Vernon. Johnny Brasseur of Vancouver is the caller. That is Sat. Nov. 24th at 8 p.m.

Sunday, Nov. 25th is the monthly workshop held in the Youth Centre Hall in Summerland. The caller/teacher meeting starts at 1:30 with the Okanagan Square Dance Association meeting at 2 p.m. The workshop commences at 3 p.m. and to this all square dancers are welcome, please bring a sac lunch. The Okanagan Twirlers are the hosts this month.

Plans are well underway for the Vernon Winter Carnival Square Dance Jamboree. Details and dates will be in this column shortly. This is the third annual and as in other years the three Vernon Square Dance Clubs are the hosts. The Buttons and Bows, the Kalamalka Squares and the Okanagan Landing Club.

Clancing to the following Saturday we will have two party nights in the Valley. Saturday, Dec. 1, the Wagon Wheelers Square Dance Club will host their party in the Centennial Hall in Kelowna. Bob Emerson of Okanagan is the caller, and a buffet supper will be provided.

## Few Present At Rutland Parish Council Meeting

The regular general meeting of the Rutland Parish Council of the Catholic Women's League of Canada was held on Nov. 13 in the Parish Hall at 8 p.m.

Five members were present and the Acting President Mrs. E. Reiger was in the chair and opened the meeting with the League Prayer.

Correspondence was read including a 'thank you' note from St. Vincent De Paul, Vancouver, on used clothing received and a letter from Mr. T. Hamilton, Kelowna, re a course on Civil Defence to be held this month in Kelowna. And hospital visits for the month totalled 51 patients. A pantry shower was planned to be held in the Parish for the Rectory during the month.

Father Flynn brought the meeting to a close with the recitation of the Act of Consecration of the Blessed Virgin Mary.

## WIFE PRESERVERS

Popcorn will pop better if it is sprinkled with a little warm water just before going into the popper.

## "THE KELOWNA LITTLE THEATRE presents

### "THE MATCHMAKER"

By Thornton Wilder

A colorful turn-of-the-century farce in four acts and scenes with large cast of veteran K.L.T. players and many fresh young personalities under the direction of Sidney Risk from the U.B.C. Drama Department.

**Tuesday and Wednesday**

DECEMBER 4th and 5th

**KELOWNA COMMUNITY THEATRE**

Curtain 8:15 p.m.

Tickets \$1.25 — Available at Long Super Drugs. Season tickets also available for \$1.00 each at Long's and are good for four individual productions.

GETTING READY FOR THE SNOWBALL FROLIC

One of the first big social events of the Christmas season will be the Annual Snowball Frolic, sponsored by the Lions Ladies, which will be held at the Kelowna Aquatic on December 1st. Pictured above from left to right are Mrs. H. Gant, ticket convener for the Frolic, Mrs. H. Gant and Mrs. Syd Cook, members

of the decorating committee, and Mrs. Gordon Smith, convener of the Frolic, who are displaying some of the beautiful decorations for this year's Frolic. The color theme will be blue, white and silver, and shown in the picture are some of the blue and white pom-pom table decorations, one of the blue and white string snow

balls that will be suspended from the ceiling among the silver stars, and one of the snowmen who will be peering through the Christmas trees. Carol Dunaway's Orchestra will play for the dancing and you will be wise to obtain your tickets as soon as possible from Mrs. H. Gant, Popular 2-4172, as this is always a very popular event and the number of tickets will be limited. Proceeds from the Frolic will go towards various Lions ladies charities such as the Red Cross, the Hospital, Sunnyvale School and KARS. So make your plans now and don't miss the Snowball Frolic.

## Westbank Curlers Please Note

Westbank curlers interested in that sport are urged to get their names in at the Peachland rink, as action for the season is away to a good start.

The mixed bonspiel ended on a note of success, with Sid Saunders doing it again and winning the A event for the John Wakley rink. The B event, won by Pete Romanchuk over Chuck Barnard was a hard-fought contest all the way.

The older curlers have to hand it to the kids of the nine rinks entered, three of which were juniors. If these juniors are willing to part with their entry fee surely a few of the older curlers should be willing to show more ardent support of their curling club!

The regular men's curling draw started November 20 and will run through most of the winter. The ladies league got away to a start Monday, and mixed curling will begin Friday.

## STUDY BAN

VICTORIA (CP) — Victoria College students Wednesday agreed to petition the provincial government to change the liquor laws to bring the minimum drinking age down to 18 from the present 21 years.

## Harrison Smith To Speak On Community College At PTA

On Monday evening November 20, Mr. H. S. Harrison Smith, chairman of the Kelowna Higher Education Committee, will speak to the Central Elementary PTA on the progress made so far in establishing a Community College at Kelowna. The meeting will take place in the Central Elementary Auditorium at 8:00 p.m.

For the past 15 years individuals and organizations of the Kelowna area have been actively working to improve the community resources for higher and continuing education in the Okanagan Mainline Area. In 1958 His Worship Mayor R. P. Parkinson commissioned Ann Dawe, B.A., M.A., Ed.D. to prepare a survey of the area in order that a co-ordinated community effort might be made to establish a Community College in Kelowna. Dr. Dawe reported to the Mayor in April, 1960, in "The Kelowna Junior College Survey," published by the City of Kelowna, and completed her study in May, 1960, in "Supplement to the Kelowna Junior College Survey," published in May, 1960.

As a result of these studies Mayor Parkinson enlarged his original committee on higher education and formed the Kelowna Higher Education Committee. The Kelowna Higher Education Committee was requested to implement the Dawe Report and to take positive steps to develop plans for the development of an educational institution to serve the needs of the area beyond and apart from those served by the primary and secondary schools.

The committee includes representatives of all interests in the community, the City of Kelowna, the Chamber of Commerce, the School Board, the Parent Teacher's Association, school teachers, the Canadian Labor Congress Unions, the non-affiliated unions, churches, service clubs, UBC Alumni Association, women's clubs, agriculture, business and industry.

The citizens of Kelowna and district have consistently indicated a concern for and a desire to improve the educational resources in the community and

Eager beavers trying out the slopes of Silver Star for the first week of the season. About 15 inches of snow has fallen on the Star, and the Poma lift is scheduled for operation this weekend. Temperatures have ranged from 28 to 35 during the week. (Courier photo)

## Kelowna's Mayor Pleads For Vernon Co-Operation

VERNON (Staff) — Kelowna's Mayor R. F. Parkinson, Friday night, appealed to the Vernon Chamber of Commerce for further co-operation in developing tourism and industry in the Okanagan Valley.

Mayor Parkinson was guest speaker at the regular monthly meeting of the Vernon Chamber.

"We are all part of an economic unit," he said, "we must still keep our own civic pride, and continue the competition between our cities, but we cannot live unto ourselves. Our main objective in this valley should be to help each other so our communities may develop the best available ideas.

"We must first get tourism and industry interested in the valley and then let them decide for themselves where they want to locate."

Mayor Parkinson described Kelowna to the group both from the asset and the liability point of view.

"The Okanagan Valley is unique, its beauty, its hills and its valleys are found nowhere else. But all this natural beauty may well be ruined unless some overall planning is done on a regional basis.

"We have a Garden of Eden here, and people are fast realizing it and flocking to our doors. Small towns are worse off than the cities. Things are blooming very quickly in those areas. Often those in charge of the cities have little experience to cope with the influx of new residents.

"We must prevail upon the government to set up a paid planning organization for the whole region," he said.

Speaking of the co-operation of the citizens of Kelowna, which he said was responsible for the city's present position, Mayor Parkinson said this might well be developed into a valley project.

"We have a fine Yacht club with moorings for 300 boats; the Aquatic has a replacement value of \$250,000, all paid for by regatta profits, our curling club is about to add two sheets of ice; our golf course has recently expanded from nine to 18 holes and all of these assets to our city have been erected on city property at no cost to the taxpayer, other than tax rebates.

"Service clubs provide buildings and equipment for our many parks; civic groups raised more than \$50,000 out of a total cost of \$120,000 for our magnificent new community theatre.

"We have more than a mile of public beaches in our downtown area. This land, from the bridge to the Yacht club, cost the city \$85,000, but it is now worth twice that in money alone, but its real worth cannot be estimated.

"The public must have access to beaches.

"We here in the Valley must get over our small-town rivalries. We have demonstrated that by the way we got together and developed one television outlet.

"We must now go further. I feel we should be sending brochures to other parts of Canada, to the United States and to Great Britain. These cost money, but done co-operatively the cost to the individual community would be small compared to the returns," he said.

Mayor Parkinson said the co-operation between Vernon and Kelowna would be especially beneficial in the airport.

"We need Vernon's backing to develop a first class major field. Until Vernon knows it can get a carrier to stop here, until you know you need a major airport we would like to see the Vernon weight put behind Kelowna to speed the development of our central field. You are fortunate to have a small airport near your city, one that tourists can use.

"We must build the Okanagan—we must tell others of the garden we have here," he said.

## UBC Dean Tells Vernon Views On Agriculture

VERNON (Staff) — Dr. Blythe Eagles, dean of the faculty of agriculture, UBC, said here that man has existed in an unnatural and artificial state with his environment since the inception of the practice of agriculture. He was speaking to night school course students in agriculture.

In tracing the history of man, Dr. Eagles proposed that man separated himself from other animal life when he first used his intelligence to provide himself with more food and clothing than he could obtain solely from hunting. It was at this point, about 50,000 years ago, that man launched himself into a "somewhat artificial relationship with his environment."

Four factors have become important following this adoption of a primitive agriculture: When man first learned to handle fire, when he learned to use seed and domesticate animals; when man began to enlarge the scientific approach to his environment—about 750 A.D.—the industrial revolution made possible by the discovery of the gaseous elements, hydrogen, oxygen, carbon dioxide and nitrogen; when man learned to control the release of nuclear energy—1942.

"While acknowledging the great scientific advances of the space age," said the speaker, "the agricultural revolution over the past 20 years has been greater than that in any other field."

In support of this remark Dean Eagles stated that as an example, today man can produce a three-pound broiler chicken in six to seven weeks on seven pounds of food, while 20 years ago to produce the same broiler, it took 10 to 12 weeks and 12 pounds of ration.

use seed and domesticate animals; when man began to enlarge the scientific approach to his environment—about 750 A.D.—the industrial revolution made possible by the discovery of the gaseous elements, hydrogen, oxygen, carbon dioxide and nitrogen; when man learned to control the release of nuclear energy—1942.

"While acknowledging the great scientific advances of the space age," said the speaker, "the agricultural revolution over the past 20 years has been greater than that in any other field."

In support of this remark Dean Eagles stated that as an example, today man can produce a three-pound broiler chicken in six to seven weeks on seven pounds of food, while 20 years ago to produce the same broiler, it took 10 to 12 weeks and 12 pounds of ration.

## 'Everything Purchased With Food' Warning On Agriculture Apathy

In stressing the significance of agriculture, Dr. Eagles said that in the final analysis, everything is purchased with food.

"History has proven that when man becomes apathetic towards agriculture his civilization begins to decline," he said.

Turning to the necessity of keeping informed, and the accelerated demand for adult education, Dr. Eagles congratulated both those who designed the present night school course "Introduction to science in agriculture" and those who are taking it.

"Agriculture is as good as the people who are engaged in it and you are obviously striving to do something that augurs well for the industry," he said.

**FOR FUTURE**

Looking into the future, Dr. Eagles suggested some of the highlights of knowledge that would be gained during the next 20 years:

- Determine how plants convert the radiant energy of the sun into food tissues.
- Learn a lot more about the chemical aspects of reproduction.
- Learn much more about the action and interaction of hormones, vitamins and viruses.
- Dr. Eagles reiterated that the practice of agriculture has placed man in an unnatural relationship with his environment.
- "We have upset the balance of nature in order to increase our population. In putting our expanding knowledge to use, we must be ever cautious of the way in which we may be further upsetting the balance of nature."

## Jury Frees Accused Pair Of Breakin, Theft Charge

VERNON (Staff) — Two men conducting their own defence against a team of crack Crown lawyers, late last night were acquitted by a jury of 12 men of breaking, entering and theft, and possession of a stolen automobile in the Fall Assize Court here.

Robert Nicol and Norman Beckman, both of Vancouver, overjoyed at the verdict which took one hour and 35 minutes to reach, shook hands with their captors, police officers who had testified against them, and Crown counsel who lost the case. Nicol was free to leave the courtroom. Beckman was held in custody awaiting his second trial Monday in which he is charged with breaking, entering Marshall Wells store in Pentikew, June 7.

The three-day trial, said by veteran lawyers to be one of the longest here for the nature of the charge, heard 19 witnesses and continuous intervention by Nicol and Beckman.

Nicol and Beckman called two witnesses, Robert Clark, who was charged jointly with them but pleaded guilty at the outset of the trial, and Ronald O. McEllean, an inmate of Okalla Prison, who testified he talked with Beckman in Vancouver at the time the breakin occurred.

Clark said the two men were never involved in the breakin or theft of a safe at Morgan's Heating and Plumbing, Pentikew; or were they involved in the theft of the automobile. Clark said he was solely responsible. He explained in detail how he met Nicol and Beckman.

After stealing the car in the west end of Vancouver, Clark said he drove to the Blackstone Hotel in that city and met Nicol who said he wanted a ride to Chilliwack. They left in the car which Nicol did not know was stolen, Clark said, in the company of two other men whom he did not identify at the time. They bypassed Chilliwack and continued to Pentikew, arriving there about 8 a.m.

They booked into the Central Cabins on Westminster Avenue after Clark enquired if there was an auto court in the centre of town.

"Why did you want an auto at that time he would be leaving next day. The party of now five men broke up, but met later by arrangement at the Three Gables Hotel in Pentikew. They started out for Vancouver together, but at the junction of Highway 81 and 3, Clark stopped the car. The driver of a second vehicle stopped, asked if the men were having trouble and volunteered to take Beckman to Vancouver. The Clark vehicle with Nicol aboard and a ride by Clark who indicated two men returned to Pentikew.

## Safe Loaded Into Trunk Of Auto And Sawn Open At Summerland Site

Later that night, Clark testified he broke a window in Morgan's, entered the building, moved the safe to a rear loading platform, put it into the trunk of the car and drove north toward Kelowna.

At the experimental farm Summerland, he stopped, dumped the safe, hacked the bottom open with an axe taken from Central Cabins, took the contents and headed for Calgary with the still unidentified two men. Nicol was never involved in the robbery he said.

Ten days later, Nicol and Beckman were picked up for questioning and eventually arrested for the breakin. Clark was also arrested at that time.

Mr. Kidston told the court and jury that Clark had 18 previous convictions made under three separate aliases. Mr. Kidston also demanded to know who the two men were that were with him from Vancouver and during the breakin. Clark replied their names were Jim Campbell and Danny Francis.

Ronald O. McEllean, who was transported here from Okalla Prison where he is serving time on conviction of aiding and abetting forgery, said he met Beckman in Vancouver at the Peter Pan cafe about 4 a.m. the morning the breakin took place. "How do you remember the date so well?" asked Mr. Kidston.

"I should—I was arrested the next morning," he replied.

McEllean's record was also read to the court and showed he had served time in jail on eight previous convictions.

Mr. Justice F. Craig Munro took one-and-a-half hours for his summation to the jury, completing at 6:10 p.m. The jury brought in the not guilty verdict at 7:45 p.m.

The second case of the Fall Assize will be heard Monday, when Beckman appears on a breaking, entering and theft charge. It is expected to last one day.

## Church Events

All Saints' Anglican Church—Sunday service, holy communion at 8 and 9:30 a.m., and a light breakfast will be served. Matins and sermon at 11 a.m. and Sunday school; evening service 7:30 p.m. Holy communion on Wednesday at 7 and 10 a.m.

Ellin Tabernacle — Sunday worship at 11 a.m., evangelistic rally at 7:30 p.m. Sunday school classes at 10 a.m., Tuesday prayer and Bible study at 7:30 p.m. Young people's service at 8 p.m. Friday.

First Baptist Church—Sunday morning worship at 11 a.m.; Sunday school classes at 10 a.m.; evening service 7 p.m.; Baptist Youth Fellowship meeting 8:15 p.m. Wednesday, prayer meeting will be held at 7:45 p.m. in the church parlor.

Salvation Army—Sunday holiness meeting 11 a.m.; Sunday school classes 9:45 a.m.; Salvation meeting 7:15 p.m. Monday.

day, Ladies' Home League meet at 2 p.m.

St. James' Roman Catholic Church — Sunday masses at 7, 9:30 and 11 a.m. Sunday benediction, 7:30 p.m. Weekday masses at 7:25 a.m.

Trinity United Church — Sunday morning worship 9:30 and 11 a.m., sermon: "Thomas—Bride of Contradictions". Evening fellowship meeting 7 p.m., with hymns and films on "On the Rim of Tomorrow". Everyone is invited to attend the showing.

## POLICE COURT

VERNON (Staff) — Gerald Robert Mellenchuck was fined \$200 and costs in police court here Friday for driving a motor vehicle while his driver's license was suspended. He was denied time in which to pay the fine by Magistrate Frank Smith.

Gordon Halts, was fined \$25 and costs for driving a motor vehicle under 21 without adequate car insurance. Stanley Blasco was fined \$50 and costs on conviction of false pretences in passing a worthless cheque.

James Russell, of no fixed address, was sentenced to two months in jail following conviction of shop lifting in a downtown Vernon electrical store.

## New Jaycees Inducted

VERNON (Staff) — At the September membership drive of the Vernon Junior Chamber of Commerce, eight new members were installed at the Jaycees meeting held this week.

A candlelight induction ceremony was performed by district deputy president Bert Day of Kamloops.

The new members were presented with their membership pins by president of the Vernon Jaycees, Wayne Franks, and vice-president Don Ross.

The new members are: Mike Gorman, Gerald Saklofak, Clive Head, George Filgate, Tony Trent, Mike Beacock, Tony Strahla and Gordon Kleef.

## VERNON VIEWPOINTS

THERE IS LITTLE interest in Vernon this year for a municipal election. In fact there's so little public interest in any civic affairs here the apathy is alarming.

With less than 48 hours from the Monday noon deadline to file nomination papers not one person has shown intent. Present aldermen: Telfer, August and Lemski, have indicated privately they will seek re-election. Ald. Valair is resigning effective Jan. 1, which leaves a one-year term available. It's possible, most probable in fact, that those seeking re-election will file Monday morning. Others may follow. In smaller communities (and Vernon is not alone) the trend seems to be, file at the last moment—for some unexplained reason.

If there is no election and three aldermen and one yet to be known person is in by acclamation, it can only be assumed the citizens of Vernon have been happy with the present administration.

But can the people of this city be happy with an administration that will surely go down in local history as one of indecision and inaction?

Only a handful of things has been accomplished in Vernon this year. Notably Ald. Eric Palmer's giant road-paving program, and Ald. Lemski's brief for a formation of a recreation commission. The rest of the time we've been puddling along, taking a back seat to our neighbors to the south.

What's happened to the service clubs in Vernon? Why haven't they fielded candidates for council? And what about the Vernon Council of Women, or the Business and Professional Women's Club? Why not a woman on council?

Let's get with it. We want—we need an election.

Won't someone—anyone file nomination papers before noon Monday?

JUSTICE IS WONDERFUL . . . and amazing. The fall assize which started here Wednesday had as the first case two young men charged with breaking, entering and theft. They were also charged with possession of a stolen automobile. They were not defended by counsel.

Because of this, Mr. Justice F. Craig Munro bent backward to give them every consideration. Points of law and their rights as accused persons were explained. They interjected comments throughout the trial, and it was tolerated . . . which is doubtful it would be if a defence lawyer was present; simply because he would have known the law.

The men, who freely chose to be tried by a judge and jury, got the fairest possible trial. For those who have never attended court it's an education. The public gallery is always open.

LA BOHEME, the opera that's been around longer than the 14th revival of blossom time, will be performed here by the Canadian Opera Company which is good news to those who like La Boheme.

It's always amazing that Mimi, the young pitiful little wench for which the world has no passion, manages to expire of consumption in the final act, but, to be sure, never before she manages to sing an aria with the greatest of gusto and with consumption yet! La Boheme has a sad ending. It's a sad opera. It should never have been written.

## OBITUARIES

**J. McCLOUNIE**  
VERNON (Staff) — Funeral service was held today from Trinity United Church for John McClounie, 65, who died in Vernon Jubilee Hospital Nov. 22.

Mr. McClounie came to Vernon in 1910, and was a veteran of the First World War. He married Frances Louisa Pollard of Coldstream on Oct. 21, 1927.

He has been on the staff of the Vernon Irrigation District for the past 41 years, and retired as superintendent in August of this year, due to health reasons. He had been an active Legion plot, Pleasant Valley member of the Royal Canadian Legion, branch No. 27 and of the Miriam Lodge AF and AM.

Mr. McClounie is survived by his wife Francis Louisa; two daughters, (Cathie) Mrs. C. Shirley; (Majorie) Mrs. Jack Graves; five grandsons and one granddaughter all of Vernon; two sisters (Cathie) Mrs. Reg Horton, of Vancouver; (Margaret) Mrs. Rolly Babington, of Mission; one brother, Colin of Coldstream.

Rev. A. W. Dobson officiated at the service, assisted by James Ford. Burial was in the Legion plot, Pleasant Valley Cemetery.

Enjoy Complete Freedom From Washday Worries

Don't put off doing your family wash because of snow, rain or wind. Dry your clothes in an Electric Clothes Dryer at your convenience—morning, noon or night.

## Electric CLOTHES DRYER

Scripture—Acts 9:1-25; 13:1-3; 16:23-34; Romans 5:1-11; 10:4-13; 1 John 1:5-10; 11 Corinthians 11:19-28.

In Damascus, where the blinded Paul (Paul) was led by his followers after he saw the vision of the glorified Lord, there was a disciple named Ananias. In a vision, the Lord told him to seek out Paul, who was praying and fasting in the house of Julia—Acts 9:10-12.

Although Ananias knew that Paul had been a persecutor of Christians, he was told by the Lord to go. Ananias laid his hands on Paul, and Paul regained his sight. He rose and was baptized. "A chosen vessel" unto God, "to bear his name before Gentiles and kings"—Acts 9:15-19.

Immediately Paul went to the synagogues and proclaimed to the Jews that the God whom they had served was the Christ they had been persecuting. He was the Son of God, he said. Eventually Paul was to become the most powerful Christian of his time—Acts 9:20-22.

As Paul's power increased, the Jews plotted to kill him, but they felt he had betrayed them. He learned of the plot and escaped by being let down in a basket over the high city walls by a group of his friends—Acts 9:23-25.

## Papal Infallibility Poser Given Respite Of A Day

By BENNET M. BOLTON  
VATICAN CITY (AP)—The Roman Catholic ecumenical council Friday found itself spared for a while the potentially troublesome task of taking a new look at papal infallibility. A thesis on modern communications and entertainment is to be discussed when the council fathers return to St. Peter's Basilica today.

Pope John gave word Wednesday that a thesis on divine revelation, on which the prelates had been unable to agree for more than a week, would be held up while a special commission reports it.

That meant a new topic would have to be introduced. The one on communications and entertainment was chosen. Some informants said it was moved ahead of a thesis titled "de ecclesia" (of the church) because this theological topic could have brought greater discord than the revelation thesis caused.

## Publicity For Church

VATICAN CITY (AP)—The Roman Catholic ecumenical council Friday began discussing a proposal that the Vatican set up a permanent agency to form and inform public opinion.

A spokesman said the proposal was included in a draft thesis on "social means of communication" submitted to the 2,000 council fathers in St. Peter's Basilica. The document covers the press, radio, television, cinema and entertainment.

The spokesman said a number of speakers in the closed session suggested an international Catholic news agency be established. A preparatory secretariat headed by Archbishop Martin J. O'Connor, rector of the pontifical North American College in Rome and president of the pontifical commission on cinema, radio and television, drafted the thesis.

## 'Real Church' Expression Given By Vatican Council

By GEORGE W. CORNELL  
GENEVA (AP)—A leader of world Protestantism says the Roman Catholic ecumenical council is providing "far more real expression of the total life of the church than many thought possible beforehand."

Dr. W. A. Visser 't Hooft, general secretary of the World Council of Churches, is "impressed with the possibilities for significant accomplishments by the council to improve inter-church relationships."

"However, it is still too soon to know how the council will be when the council goes into the real theological issues," he said in an interview.

The organization of which he is chief administrator includes most of the major Eastern Orthodox and Protestant denominations in the world.

"We were aware of the new thinking going on at some levels among Roman Catholic leaders," he said, "but we didn't know they would speak out on it so openly."

Already, a real give-and-take is going on between them and the council fathers. There is far more real discussion between them than we had considered likely. This is an exceedingly interesting and good thing.

He said the interchange is taking place not only through the Vatican Secretariat for Christian Unity but also through the initiative of many Catholic bishops who come to the Protestant delegations, the frank, personal discussions of issues.

"This is a really unprecedented thing," Dr. Visser 't Hooft said.

One of the aims of the council is to create a new sense of the unity of the church, to create a new sense of the unity of the church, to create a new sense of the unity of the church.

Dr. Visser 't Hooft, who is kept fully posted on council proceedings, said the Protestant observance of the council is a real step forward.

## Traditions Discussed

VATICAN CITY (Reuters)—The Roman Catholic ecumenical council Friday began debate on the relationship of Holy Scripture to church tradition in matters of Christian revelation.

One of the basic sources of disagreement between Catholics and Protestants.

The 2,000 cardinals and bishops assembled in St. Peter's Basilica for the council will base their debate on a draft decree on the sources of revelation drawn up for their guidance.

Observers have detected a feeling in council circles that the draft is too conservative, but most bishops, besides being officially bound to secrecy on council proceedings, are extremely reticent on this subject personally.

However, observers expected a clash between conservatives and progressives on the relationship of scripture to church tradition and the question of biblical interpretation, also expected to come up during the debate.

HAS TWO SOURCES  
According to Roman Catholic doctrine, the sources of divine revelation about Christian worship are both the bible and the tradition of the church.

## Boys' Club Cuts Crime

MONTREAL (CP)—Nine years ago a plain, two-story brick building opened for business in east-end Victoriaville.

Two years later, the area's juvenile crime rate had fallen by 97 per cent.

The building, squeezed into narrow streets among stockyards, wharves, canals and coal dumps, is the home of the Victoriaville Boys' Club.

The club has been so successful keeping kids out of trouble that the building has long run out of space to handle all its activities. And, it manages to operate on a skimpy annual budget of \$32,000.

"All we need is more space and more money," says club director Fred Appleby. "But fitting everything in is our only real problem."

The club has grown into a virtual community centre for Victoriaville's citizens. Three-year-olds attend afternoon nursery classes; housewives stage weekly bridge parties; parents use the building for community meetings, and there's a corner for an association helping retarded children.

Certain corners of the building are reserved for teenagers who want a quiet place to work or talk. The library is available to students who are unable to do homework properly in crowded family quarters. There is a lounge near the entrance equipped with television for teenagers looking for something to do in the early evening.

The club has its quota of dances, sports, handicrafts and other activities. Workers at the club, most of them volunteers, assist the regular five-man staff, spend much time advising the 600 members on careers. Trying to encourage the young members to continue their education is a major part of their work.

Membership costs \$1 a family a year and 50 cents for employed teenagers. The Victoriaville community association supplies financial support. The Town Crier, a mimeographed news sheet of club activities, is distributed to more than 400 homes.

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Time was when it took a month for a letter to get from one city to another, and such things as radio and television were unheard of.

Now we don't think in terms of miles — we think in terms of the time it takes to span them, and it doesn't take long to get around the world.

As for communications — well, they're instantaneous, these days.

But for all of that, we seem to find it just as hard to understand one another as we ever did.

Only one form of communication hasn't changed... God's method of communication. He speaks to you through His Church, and through a Bible that has survived the centuries. Go to church this Sunday, every Sunday, and hear His message for yourself.

## WORLD BRIEFS

CHOOSING DOCTOR  
VATICAN CITY (Reuters)—Pope John has chosen Dr. Antonio Gasbarrini, 80, of Bologna, as his personal doctor, a Vatican source said Tuesday. The post has been vacant since Dr. Filippo Rocchi died Nov. 11.

SEEK CAUSE  
CAPE CANAVERAL, Fla. (AP)—An investigating team is seeking the cause of an explosion that ripped a Mace B guided missile during an engine checkout test. The rocket blew up Tuesday in an open area on the ground when the engine ignited. No damage or injuries resulted.

DOGS VANISH  
JACKSONVILLE, Fla. (AP)—Authorities are trying to run down a dog-napping ring. Edward Booth, county solicitor, said Tuesday so many poodles are missing he thinks it may be a racket which has worked in other cities. Dogs are stolen in order to collect rewards for their return.

DAMFEN DEPOSITORS  
DANVILLE, Va. (AP)—Customers in Danville's Southern Bank of Commerce had to use umbrellas to transact business Tuesday. Workers were taking a valve off a fourth-floor water supply pipe when a second valve, unable to stand the increased water pressure, popped.

GLENMORE P.T.A.

# Higher Education Subject Of Interesting Talk

Mr. Charles Bruce, Principal of the Kelowna Senior High School, was guest speaker at a P.T.A. meeting last night. His topic was "Higher Education Subject Of Interesting Talk". He opened his talk with a declaration that the student today is viewed in a more favorable light than in some past times, when he was pictured as a source of trouble, a trouble-maker, a trouble-maker in a class, and especially the "foot-

book at the intrinsic as well as the financial value of university training. For a large percentage of students, vocational schools would provide the training needed to ensure a secure future. Others will learn and earn, while employed in banks, accounting firms, service stations, etc. The pay is not high but they are learning something beyond what they already know which is the important factor. At vocational

schools, courses run from 6-12 months, with an apprenticeship often following and additional learning until the individual is fully qualified. Financial aid in the form of vocational grants from the federal government may be applied for at this time to the amount of \$75 per month. The vocational school will often further assist by placing the student in a job following his training.

**UNIVERSITY COSTS**  
In speaking of university costs, Mr. Bruce said that they have tripled since he attended from \$500-\$1500 per annum with expenses for girls higher than those for boys, due to the fact that the latter can often earn up to 60 per cent of costs by working during the last summer months.

**A SCHOLARSHIP** Mr. Bruce defined a scholarship as a reward for being born with a good brain. The speaker himself felt that after the student had put his knowledge against that of others, he deserved to win even without a financial need of the scholarship.

**STUDENTS' ASSISTANCE ASSOCIATION**  
Credit for the founding of this very worthwhile plan goes to Mr. E. Greenaway, and also to

**REGULAR BUSINESS**  
During the business portion of the meeting it was decided that, with the cancellation of the Christmas concert this term, Christmas parties for the children will be held by each classroom. The teachers will continue to provide refreshments, and as in other years, each room will have its own tree and an exchange of gifts. Principal D. S. Braund mentioned that report cards will be ready at the end of the week. He invited the parents to the school and discuss any problems which they might have regarding their child's progress, with the exact day of "Open House" not definitely set. Parents will be advised of this when the report cards are sent home. Progress on the addition to the school is going satisfactorily, Mr. Braund stated, with the inside work soon to be commenced.

### BIGGEST CATCH

Fred Day, Poplar Point, proudly displays a record breaking 34-pound rainbow trout he caught late Friday afternoon in the Deep Creek area of Okanagan Lake. The massive fish was caught with a treble Greenback Mac Squid. It took almost an hour to land the fish. — (Courier photo)

### WHL ROUNDUP

## McCarthy Sparks Bucs To Win Over Flyers

Tom McCarthy, who has lent spark to many lineups in eight years as a hockey professional, fits right in with Portland Buckaroos.

He scores often, takes a good check and lands one back, features typical of the Bucks this year in the Western Hockey League.

Friday night McCarthy and Portland used all three abilities in a bone-jarring 8-5 victory over Edmonton Flyers. In seven crucial minutes of the second period McCarthy scored twice, assisted on another goal, and took on some additional duties that earned him a 10-minute misconduct penalty.

Quieter games saw Vancouver Canucks defeat Los Angeles 3-2 to end the Blades' eight-game winning streak, and Seattle Totems beat the visiting Spokane Comets 5-2.

Buckaroos used the victory to take a share of first place in the Southern Division with Los Angeles. First place Vancouver stayed four points ahead of Seattle in the Northern race.

McCarthy's rampage at Edmonton apparently was launched by a play that resulted in a possible concussion to teammate Gerry Goyer and a major penalty to Edmonton's Doug Messier.

## Games Records

**Track and Field**  
Men's six-mile run — Bruce Kidd, Toronto, 28:26.6. Old mark 28:47.8 set in 1958 by Dave Power of Australia. World record 27:43.8.

Men's 3,000 - metre steeplechase — Trevor Vincent, Australia, 8:43.4. No previous mark for this new Games event. World record 8:30.4.

Men's javelin throw — Alf Mitchell, Australia, 256 ft. 3 in. Old mark of 233 ft. 10 1/2 in. set by Colin Smith of England in 1948. World record 284 ft. 7 in.

Men's high jump — Percy Hobson, Australia, 6 ft. 11 in. Old mark 6 ft. 9 in. set in 1958 by Ernie Halls of Jamaica. World record 7 ft. 5 in.

## English Swimmer Beats Own Mark

PERTH, Australia (CP) — Anita Lonsborough of England shattered her own world record in the 220-yard breaststroke at the British Empire Games today, winning a gold medal in the event with a time of two minutes, 51.8 seconds.

England's Jackie Enfield was second to win the silver medal and New Zealand's Vivien Hudson took the bronze medal for third.

Allison Glendenning, 16, of Hudson Heights, Que., finished last in the field of seven swimmers.

Miss Lonsborough, 21, won her five yards as the white 14 fourth of a cent off the world mark of 2:32.2, she had finished after a 19 ft. in England last August. That time was better than the 2:32.5 clocked made by Holland's Ada Don Hann in 1957.

The new mark bettered the 2:33.5 Games record Miss Lonsborough set in 1958 at Cardiff, Wales.

Miss Enfield, 15, was caught in 2:54.7 and the New Zealand swimmer in 2:56.3.

The Canadian swimmer was used in 1936-way back of her best time of 2:58.1.

### LEADERS HERE TONIGHT

## Culley's Bucs Will Try To Stop Rockets' Orbit

What will undoubtedly be the game of the season so far in Okanagan Junior Hockey League action is on tap tonight in Memorial Arena when the league-leading Kamloops Rockets move in for a game with the Buckaroos.

A win tonight would put the Bucs back only two points behind the Rockets while another loss would drop them six points off the pace.

Still amassing from their 9-2 shelacking Wednesday night in Kamloops, coach Don Culley's Buckaroos, who have yet to register a win over the Rockets in three games this season, will be out to prove to their fans that the task is not impossible.

In three previous encounters the Rockets have blasted the Bucs on both occasions in Kamloops and managed a 6-0 over-

time tie in their only appearance here this season.

Included in the Rockets' lineup tonight will be the league's leading scorer, Glen Madson, who has 16 goals to his credit so far. Glen "Cowboy" Richards, Larry Bedard, Dave Sandysky, who collected a hat-trick in the last meeting of the two teams, and Eric Shastko, all of whom pack a powerful scoring wallop.

Aside from their scoring potential, the visitors have a tough offensive corps backed up by Goalie Roy Hart who has been outstanding so far in the nets this season.

The Bucs will rely in the scoring department with speedy centre, Fred Thomas, Bob Gruber, Terry Karabach, Derek Pyle, John Strong, Gerry Kidd, and Phil Larden, who though still a juvenile was building down 16th place in league scoring according to the last statistics release, with six goals and three assists.

Defensively they will line up with rugged Ronn Lakes, Doug Chisholm, Ken Hamnishi and Phil Larden who has not dressed for the past three games but is expected to return to the lineup tonight. This move will definitely give added strength to the Bucs' defence.

In the net, steady Sid Shussel is expected to come up with a top effort to prove Wednesday night's debacle wasn't all his fault.

Game time is 8 p.m. and fans are urged to come out and support the youngsters in their effort to avenge their former defeat at the hands of the Rockets.

## Packers Visit Chiefs Tonight

Kelowna Packers of the Okanagan Intermediate Hockey League travel to Kamloops tonight for a return game with the league-leading Kamloops Chiefs.

Last Wednesday night's 5-3 win by the Chiefs over the Packers in Kelowna dropped the Kelowna team into second place behind the Chiefs so Jim Middleton's boys will be out to grab off a share of top spot with the Chiefs once again.

Next league action sees the Chiefs visiting the Vernon Canadians Nov. 27 with the Canadians playing the Packers here Nov. 28.

### JEROME MUFFS IT

## Kidd and Pound Give Canada Two Gold Medals

PERTH, Australia (CP) — Bruce Kidd and Dick Pound won gold medals with record-breaking performances in track and swimming today at the British Empire Games as the Canadian athletes experienced one of their best days in post-war longtime international competition.

Canadians collected seven medals in track, swimming and fencing but Australia continued to sweep far ahead of the pack, winning four gold medals for a total of six in two days.

Canada scored a brilliant victory in the six-mile run and Pound added another gold by

winning the men's 110-yard freestyle swim. Both broke the Games record.

The teams were decided in the track and field competition. Australia grabbed gold medals in the men's 3,000 - metre steeplechase, high jump and javelin. New Zealand snared the gold medal in the women's shot put and Kenya took the men's 1500.

The University of British Columbia eight was beaten by New Zealand in the first round of the rowing trials but will get a second chance in the repechage Monday.

The UBC fours without cox entered the final Tuesday with an easy win over New Zealand, but the tails bowed in England and will have to try again in the repechage.

Kidd, 19, a University of Toronto sociology student, won by 30 yards in temperatures over 100 degrees to set a Games record of 20 minutes, 26.6 seconds.

Dave Power of Australia, the defending champion, was second in 22:34.8—nearly eight seconds behind the Canadian. Power held the previous Games mark of 22:47.8.

**MERCURY HITS 147**  
John Merriman of Wales, second to Power in the 1958 Games, finished third.

The official 147 temperature reached 107.3 degrees for the hottest November day here in 40 years. One official said the thermometer in the open stands shot to 147 degrees.

Jerome, 22, co-holder of the world record in the 100, pulled up badly after 80 yards and finished sixth and last in 10 seconds flat.

Seraphin Antao of Kenya won the gold medal in 9.5 seconds. Tommy Robinson, the one-man team from the Bahamas, took the second-place silver medal and Gary Holdsworth of Australia the third-place bronze. Robinson and Holdsworth both were locked in 9.4.

Betty Cutbert, Australia's golden girl of the 1958 Melbourne Olympics, was eliminated in the semi-finals of the women's 10; along with Yvonne Breeden of North Vancouver who pulled a leg muscle and finished sixth and last.

Three Empire records went by the board in the blazing, humid weather including Kidd's performance.

**WIN GOLD MEDALS**  
The Australian gold medalists were Trevor Vincent in the 3,000 - metre steeplechase in 8:43.8, Percy Hobson who took the high jump with a Games record leap of six feet, 11 inches and Alf Mitchell, who tossed the javelin 256 feet, three inches, also the best ever in the Games.

England won the gold medal in the lawn bowling bowls. Scotland and Rhodesia tied for second place and will play off Monday to decide the silver and bronze medal winners. Canada finished 10th among 11 countries.

**VEES REGISTER FIRST VICTORY**  
PENTICTON (CP) — Scoring four unanswered goals in the third and one more in overtime, Penticton Junior V's won their first game of the year, beating Vernon Blades 6-5 before 200 cheering home town fans in an Okanagan Junior Hockey League game Friday night.

Newcomer Harvey Wish was the hero as he added the winning goal to two others for a hat trick.

The winning goal came at 9:07 of overtime period from a wild scramble in front of the Vernon net with Wish finally tipping it in from the corner.

Vernon bludgeoned Penticton 38-17 and picked up nine penalties to Vs seven.

**WINGS' RECORD ON THE LINE**  
Detroit's back-to-back weekend games with Chicago would well indicate whether the Red Wings' pace-setting early season form was a flash in the pan or represented a genuine rejuvenation of the same players that finished out of the playoffs last year.

Detroit has lost three of its last four games and slipped from sole possession of the National Hockey League leadership into a first-place tie with Chicago although Red Wings have played two less games than the Black Hawks.

The standings could undergo a major shake-up in weekend action with only seven points separating the first-place teams from fifth place New York.

Montreal Canadiens are in a position to press the league leaders after earning five of a possible eight points on their just-completed road trip.

After five weeks of lethargic hockey, Habs are only five points away from the colgaders and one behind Toronto.

**MAY PROVE TARGET**  
Coach Milt Schmidt leads his tail-end Bruins to Montreal tonight and could give muffled Canadiens' scorers quite a target if Boston doesn't improve over last week's showing when New York scored 11 goals against them in two games.

Jacques Plante has indicated he may be returning to form following his Thursday night 3-0 shutout of Detroit and coach Toe Blake hopes his big defence problem may be on the way to solution. The defence is tightening up steadily and the forwards are doing more efficient fore-checking.

However, Montreal is the only team Bruins has beaten this year. Bruins allowed Canadiens 5-0 in the first game for both clubs this season, but quickly reverted to its cellar-dwelling form of the last few seasons.

Coach Schmidt doesn't believe in miracles and is just as well considering the team's defeats to New York since he took over from Phil Watson.

## Soviet Hockey Stars Show They Know How In 6-0 Win

TORONTO (CP) — The touring Russian national hockey team, comprised of chappy skaters decked out in drab uniforms and outdated hockey pants, are teaching Canadians how to play their own game.

They may lack razzle-dazzle, but they know how to keep two hands on their sticks, play positional hockey and make use of the short pass.

Stressing teamwork rather than individual effort, the Russians have won five of six games on their current nine-game Canadian tour.

Their most recent victims were the Metro-British Columbia Junior All-Stars, trounced 6-0 here Friday night. They play Montreal Junior Canadiens at Montreal Sunday.

The Russians were magnificent but those who followed them on their tour said it was far from being their best performance.

**WIN OVATION**  
It was a good enough show, though, to earn the hard-working visitors a standing ovation from 11,725 fans at Maple Leaf Gardens, home of Toronto Maple Leafs of the National League. There was no rush to the exits at the final buzzer.

The customers stood and clapped until the Russians left the ice.

The juniors, picked from the University of British Columbia team and the Metropolitan Toronto Junior A League, couldn't score a goal even though they had a third-period penalty shot.

"I knew it would be like this," said Rev. David Bauer of UBC, the juniors' coach.

"I watched them (the Russians) play at Kitchener and Hamilton and I knew what would happen tonight. They're better than I thought they were."

Father Bauer, a Roman Catholic priest who formerly coached Toronto St. Michael's College Majors, Dominion Junior champions, will coach Canada's team for the 1964 Olympics. He said he feels a team that plays 30 games together, under international rules, could show well at the Olympics.

**GIVE RUSSIANS CREDIT**  
Wren Blair, personnel director of Boston Bruins of the NHL, gave the Russians full credit.

Blair was manager-coach of Whitby Dunlops, who defeated the Russians in the final game of the 1958 world tournament to recover the title for Canada.

"Did you see them?" said Blair. "Three strides and pass. I don't think I've ever seen a team control the puck better. 'People used to come and

## Vernon Upsets Kel. Juveniles

The visiting Vernon Juveniles edged Kelowna Juveniles 3-4 Thursday night in Memorial Arena.

Leading the scorers for Vernon was Taylor with a pair while singles went to Spley, Hutch and Hosum.

Kelowna's goals were scored by McAlland with two, Don Evans and Oliver.

The visitors lead 2-1 at the end of the first period but Kelowna came back to tie the game 3-3 in the second but the visitors outscored the home team 2-1 in the final period to hold on for the win.

**SELL OUT FOR LITTLE GREY CUP**  
HAMILTON (CP) — Ticket sales have been booming for Sunday's Little Grey Cup game — the all-Canadian junior football championship at Civic Stadium.

All 12,000 tickets, at \$1 each, are reported to have been sold. The Eastern representatives, Montreal Notre Dame de Grace Maple Leafs, and the Western standard bearers, Edmonton Huskies, both arrived here Friday night.

The Huskies eliminated St. James Hods, last year's champions, and Montreal ousted Sarnia Knights of Ontario to make the final.

#### 49. Legals & Tenders

**NOTICE BY ANNUAL MEETING**  
November 24, 1962

**TO OUR MEMBERS:**  
The Twenty-second Annual General Meeting of the Kelowna Branch Association will be held at 1:00 P.M. on December 18, 1962, in the Ballroom of the BAYVIEW INN, 1401 West George Street, Vancouver, B.C.

**ORDER OF BUSINESS:**  
1. Report of the Credentials Committee.  
2. Presentation of the President's Address.  
3. Minutes of the last Annual Meeting.  
4. Executive Report.  
5. Auditors' Report.  
6. Special Business.

The following amendments to the By-Laws are proposed by the Board of Directors and will be voted on at the meeting:

(1) "Resolved that Article IV, Section 17, Clause 9 of the By-Laws of the Association be amended to read as follows:

"D. No business shall be transacted at any meeting unless a quorum of members is present at the time when the meeting convened to do business. A quorum shall consist of not less than fifteen (15) members of each class of membership."

(2) "Resolved that the following be inserted as Article IV, Section 17, Clause 9 of the By-Laws of the Association:

"The Chairman or any member may call a member to order when speaking and the member shall be ordered and shall not speak until the point of order is determined. After the member has stated their reasons and the appeal shall then be decided by a vote of the members present and without further debate and no decision or ruling of the chair shall be overruled except by a majority vote of the members present."

(3) "Resolved that the following be inserted as Article IV, Section 17, Clause 9 of the By-Laws of the Association:

"The period between next May and August should prove extremely happy for a personal standpoint, and next September offers new opportunities for business expansion. A child born on this day will have an unusually magnetic personality but may have to curb a tendency to gamble unwisely."

**THE DAY AFTER TOMORROW**  
Do all in your power to maintain harmony on Monday. Adverse aspects will cause most persons to be highly emotional, tense and irritable. But if you will do your part in sidestepping argumentativeness and stress, you will get through the day all right.

**FOR THE BIRTHDAY**  
If Monday is your birthday, your horoscope indicates that, during the next three months, it would be advisable to focus your attention on job and money matters since there is promise

**LOCAL DISTRICT OF GULICHAN NOTICE OF ELECTION**  
Public notice is hereby given to the electors of the Local District of Gulichan that I require the presence of the said electors at 1401 Water Street, Kelowna, B.C., on the 28th day of November, 1962, between the hours of 8:00 A.M. and 6:00 P.M., of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at Kelowna, B.C., this 21st day of November, 1962.  
C. E. SLADEN,  
Returning Officer

**CITY OF KELOWNA TENDER**

♣ A Q 9 8

The opening three no-trump shows a balanced hand with 15 to 17 high-card points and strength in all suits. The bid is seldom used because you don't hold such hands often, but, when the occasion arises, the bid can be put to good use.

South didn't have much of a hand—only seven points—but he had every reason to think he could make 12 tricks in one of his suits opposite a three no-trump bid. So he bid four diamonds and went on to six after North had raised to five.

This contract would ordinarily

### YOUR HOROSCOPE

**FOR TOMORROW**  
The accent is on personal relationships now so, during leisure hours, arrange some form of social activity in which friends and loved ones can participate. Make plans, too, for the coming week.

**FOR THE BIRTHDAY**  
If tomorrow is your birthday, your horoscope indicates that gratifying achievement in job and financial affairs, both possible in the next three months, will depend largely upon your willingness to take on a little more than usual—with your innate test which never fails to impress superiors. This should not be difficult, since aspects between mid-December and late February particularly encourage new ideas and novel plans. Keep alert then, to profit by your skills and talents—even latent ones.

The period between next May and August should prove extremely happy for a personal standpoint, and next September offers new opportunities for business expansion.

A child born on this day will have an unusually magnetic personality but may have to curb a tendency to gamble unwisely.

**THE DAY AFTER TOMORROW**  
Do all in your power to maintain harmony on Monday. Adverse aspects will cause most persons to be highly emotional, tense and irritable. But if you will do your part in sidestepping argumentativeness and stress, you will get through the day all right.

**FOR THE BIRTHDAY**  
If Monday is your birthday, your horoscope indicates that, during the next three months, it would be advisable to focus your attention on job and money matters since there is promise

of unusual success in both if you capitalize on every opportunity as it comes.

Mid-1963 should prove extremely lively from a social standpoint and there is also the possibility that you will travel in either July or August. Be alert to questionable ventures during March and April, however, and don't let anyone persuade you to risk cash or other assets foolishly then. Look for line opportunities to further worthwhile goals next September and October.

A child born on this day will be gifted with fine mental powers and keen judgment but may be overly secretive at times.

**STORES JUST DON'T AGREE**  
VANCOUVER (CPI) — Vancouver stores apparently don't agree with two Victoria housewives that Christmas is being exploited too much too soon.

Officials of two downtown department stores pooh-poohed the idea that they are being mercenary rather than merry about Christmas.

"This goes on every year," snorted one. "Bunch of blasted crackpots."

"What they don't realize is that we couldn't possibly handle all the business if we waited until December," said the other.

Mrs. Allen Collins and Mrs. George McMinn have been inundated with support from Victorians for their proposal to get merchants to wait until Dec. 1 to start advertising Christmas.

to cut out Christmas carols until Dec. 15, and to end spectacular stunts connected with the arrival of store Santas.

**Daily Courier**  
**WANT AD**

Costs As Little As 30¢ Per Day For a 15 Word Ad

**Phone PO2-4445**

A black and white illustration of a woman's head and shoulders. She is wearing a large, dark, textured hat that covers her forehead and ears. Her hair is styled in a short, wavy bob. She has large, dark eyes and is looking slightly to the right. She is wearing a dark jacket or coat. The illustration is done in a simple, graphic style with bold lines and shading.
